Take notice that the Trial Staff of the Federal Energy Regulatory Commission (Commission) will convene a second plenary conference in the above-referenced cases on Tuesday, August 26, 2003 at 10 a.m. in Hearing Room 1 at the offices of the Commission, 888 1st Street, Washington, DC 20426. The conference will continue to be held as a settlement conference pursuant to Rule 602 of the Commission's Rules of Practice and Procedure, 18 CFR 385.602. Therefore, participation at the conference will be limited to the Identified Entities listed above, interveners in the instant dockets, and Trial Staff.

At the conference, Trial Staff plans to initially meet with the Identified Entities and all interveners to discuss the overall status of the proceeding. In that regard, Trial Staff plans to discuss with all the parties procedures that can be adopted to streamline the discovery and trial phases of the instant case for those entities that cannot be removed from the case by means of settlement or dismissal prior to September 3, 2003. It would be Trial Staff's aim to find a way to preserve fruitful settlement discussions for those cases that do not settle or are not dismissed before September 3, 2003. Similarly, Trial Staff is mindful of the numerous petitions for rehearing and requests for clarification that have been filed and would like to discuss the ramifications of those pleadings and potential Commission action on those filings.

Thereafter, Trial Staff proposes, as necessary, to meet with the Identified Entities and the Intervener Groups. As time permits, Trial Staff would also be willing to meet with individual Identified Entities about the particular status of their cases.

All parties with questions regarding this second plenary conference may contact Joel M. Cockrell at 202-502-8153, Edith A. Gilmore at 202-502-8632, or Janet K. Jones at 202-502-8165.

Magalie R. Salas,
Secretary.

California Independent System Operator Corp.: Remedying Undue Discrimination through Open Access Transmission Service and Standard Electricity Market Design; Notice of Technical Conference

August 15, 2003.

Take notice that a technical conference for California ISO will be held on November 6, 2003, from approximately 10 a.m. to 4 p.m. Pacific Standard Time in the auditorium of the California Public Utilities Commission, 505 Van Ness Avenue, San Francisco, California. Members of the Commission will attend and participate in the discussions.

This conference shall be one in a series of regional technical conferences announced in the White Paper issued in this docket on April 28, 2003. The Commission intends to use these conferences to discuss with states and market participants in each region reasonable timetables for addressing wholesale market design issues discussed in the White Paper and ways in which to tailor the final rule in this proceeding to benefit customers within each region.

The Commission is inviting selected panelists to participate in this conference; it is not entertaining requests to make presentations. Further details of the conference, including the agenda, will be specified in a subsequent notice. All interested persons may attend the conference, and registration is not required. However, in-person attendees are encouraged to register on-line at http://www.ferc.gov/whats-new/registration/smd_1106-form.asp

Transcripts of the conference will be immediately available from Ace Reporting Company (202-347-3700 or 1-800-336-6646) for a fee. They will be available for the public on the Commission's eLibrary system seven calendar days after FERC receives the transcript. Additionally, Capitol Connection offers the opportunity for remote listening of the conference via Real Audio or a Phone Bridge Connection for a fee. Persons interested in making arrangements should contact David Reininger or Julia Morelli at the Capitol Connection (703-993-3100) as soon as possible or visit the Capitol Connection Web site at <http://>
