I am an owner of CMKX, NMCX and several other smaller or shall I say sub-penny stocks.

There is NO doubt in my mind that naked shorting is causing the price to remain suppressed in the case of CMKX and with out information who knows about my large cap holdings.

If this mess isn't resolved I will withdraw from the market.....its not safe.

The lack of short sale information in my securities is unacceptable and I demand you change NASD Rule 3360 immediately.

Per proposal # 4-500.

Thank You,
