**\*Nonresident alien definition.** In 1988, a "permanent resident" code was added to SIMS to make it possible to follow federal reporting guidelines (entry "C" below follows the guidelines).

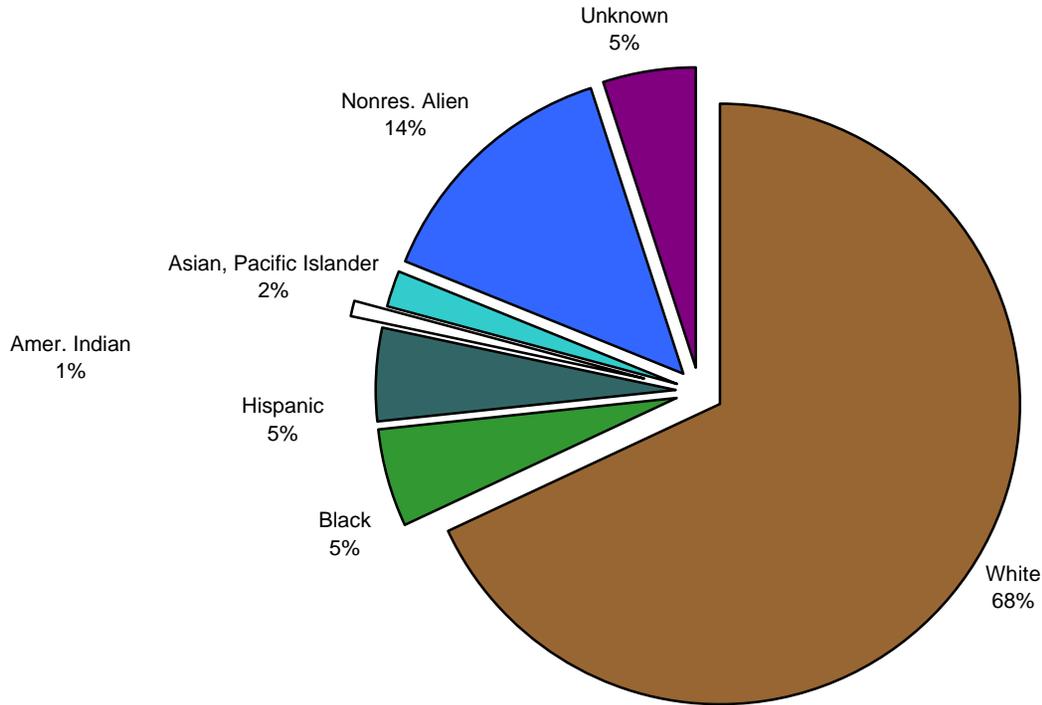

A. In 1987, both U.S. citizens and "non-U.S. citizens who paid in-state tuition" were counted in the ethnicity groups, with other non-U.S. citizens counted in the "nonresident alien" group.

B. In 1988-97, both U.S. citizens and "non-U.S. citizens with permanent resident status" were counted in the ethnicity groups, with other non-U.S. citizens counted in the "nonresident alien" group.

\* The post-baccalaureate classification was implemented for Coordinating Board purposes in summer 1992 (after internal statistics were printed) and appears in the Fact Book beginning in fall 1992 to more clearly define the student who holds at least a bachelor's degree, but who is not currently accepted into an approved graduate program. Students accepted into a master's program are classified as "master's" and students accepted into a doctoral program are classified as "doctoral" with the following exception: students with a bachelor's degree who are accepted into a doctoral program are classified as "master's" until they have completed 30 hours toward the doctorate. The post-baccalaureate category generates master's level funding for graduate semester credit hours.

**COUNTY OF ORIGIN** is entered in a student's SIMS file from the application for admission. A student must file a new application for admission after graduating or dropping out for one year, and the county of origin is coded from the address on the new application. Thus, the county of origin for a student may originally be Harris County, but become Denton County with a later admission date.

Percentages may not sum to 100% due to rounding.  
 Permanent Resident Internationals are counted with US Citizens

**Notes about the admissions categories:**

- 1. New from high school (or first time in college).** Some "new from high school" students have enough college credit earned in military service, by local and national examinations, or dual enrollments to be classified above the freshman level.
- 2. Returning former student.** A student who drops out for one year or more must file an application for admission in order to return. Such a student is coded as a former student.
- 3. Transient and special students.** A person enrolled in another institution who takes courses at UNT without actually transferring to UNT is coded as a transient student. A person who is permitted to enroll in designated classes without completing the regular admission process is coded as a special student. Transients and special students are accepted for one semester only (they must reapply for permission to enroll for another term).
- 4. New graduate student.** A student who receives a baccalaureate degree from UNT and is admitted to UNT graduate school is coded as a new graduate student, as well as students coming from other institutions. The same applies to one who receives a master's degree from UNT and is admitted to a doctoral program.
- 5. Continuing student.** Students who continue to be enrolled without need to file a new application for admission are counted as continuing students.

**Notes about the admission categories:**

1. **New graduate student.** A student who receives a baccalaureate degree from UNT and is admitted to UNT graduate school is coded as a new graduate student, as well as students coming from other institutions. The same applies to one who receives a master's degree from UNT and is admitted to a doctoral program. Occasionally in SIMS there is a coding contradiction with a student coded as a "senior" and as a "new graduate student." The contradiction occurs because the student filed to graduate in August, was provisionally admitted to graduate school as a "new graduate student", but did not actually graduate. The student was left coded as "senior" but the "new graduate student" admission code was not corrected in SIMS SRS. Only students coded as graduate students are included in this report.
2. **Returning former student.** A student who drops out for one year or more must file an application for admission in order to return. Such a student is coded as a former student.
3. **Continuing student.** Students who continue to be enrolled without need to file a new application for admission are counted as continuing students.

\* The post-baccalaureate classification was implemented for Coordinating Board purposes in summer 1992 (after internal statistics were printed) and appears in the Fact Book beginning in fall 1993 to more clearly define the student who holds at least a bachelor's degree, but who is not currently accepted into an approved graduate program. Students accepted into a master's program are classified as "master's" and students accepted into a doctoral program are classified as "doctoral" with the following exception: students with a bachelor's degree who are accepted into a doctoral program are classified as "master's" until they have completed 30 hours toward the doctorate. The post-baccalaureate category generates master's level funding for graduate semester credit hours.

**NOTE: Exhibit E-3 differs in calendar year from exhibits E-1 and E-2 so that Interdisciplinary Studies degrees may be reported by school/college and department.**

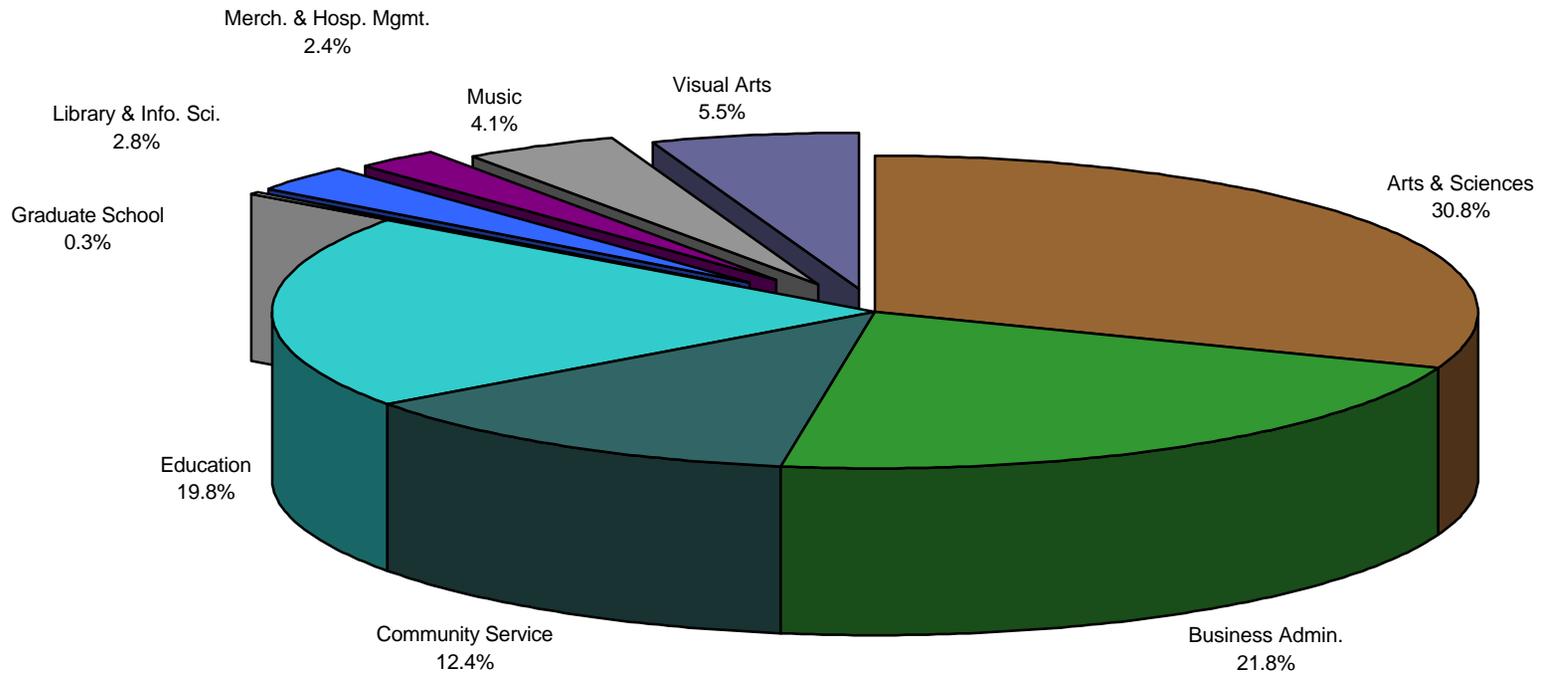

<sup>1</sup>Department name changed to Dance and Theatre Arts in Fall 1995.

<sup>2</sup>Sociology and Social Work separated in 1995; Sociology remains a department; the degree in Social Work is offered through the department of Rehabilitation, Social Work and Addictions.

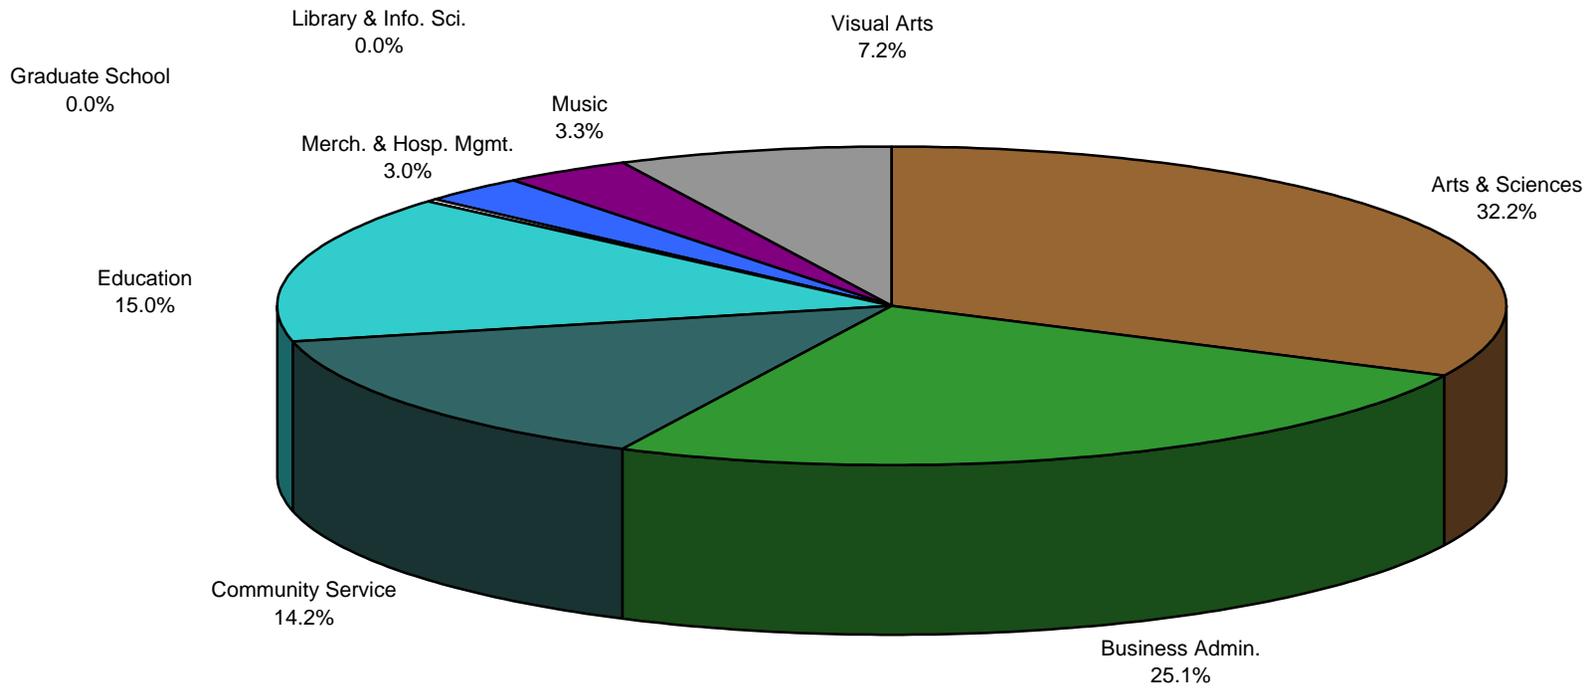

<sup>3</sup>Effective 1994, Information Science doctoral degrees are awarded through the Graduate School.

Faculty Definition: All regular (benefits eligible) faculty who are full-time employees of the university and who are paid from faculty salaries--regardless of whether they devote time to teaching. If all regular (benefits eligible) faculty with rank and tenure status (including administrators who are not teaching but have rank and tenure status) are used to define "faculty" the total for fall 1997 is 801; fall 1998 is 803; and the total for fall 1999 is 855 (Provost's Office).

**Note:** Sponsored Project Awards include all new awards for each fiscal year.

\*\*\*Total expenditures include all expenditures during each fiscal year. Typically expenditures are less than awards because (1) expenditures lag behind new awards and (2) awards include non-cash contributions of equipment, software, and in-kind support.

\*\*\*\* Due to inconsistent reporting across state agencies in the **Other** category, the Texas Higher Education Coordinating Board revised the December 1999 reporting requirements to exclude the **Other** category. The report will now be limited to only research expenditures.

## Exhibit H-1 University Library Holdings, Use, and Expenditures

The University Libraries house collections of over 1.8 million cataloged items, in a variety of formats, in five libraries located in four separate facilities on campus. The Willis Library contains a majority of the holdings of the Libraries along with such special areas as the Music Library, Government Documents, Archives, and the Rare Book and Texana collections. The Science and Technology Library, located in the Information Sciences Building, contains the Curriculum Materials Collection (CMC), the library and information sciences collections, and the science and technology collections. The Media Library, with its specialized collections of audio-visual materials and computer software, is located in Chilton Hall. The Library Annex contains lesser-used research materials from the collections and houses the Libraries' Technical Services and Preservation departments.

The University Libraries are administered by a staff of 104, including 38 librarians. The Libraries are under the general supervision of the Dean of Libraries, who is assisted by the Assistant University Librarian, and the University Library Committee, an advisory body appointed by the Faculty Senate.
