EDUCATION

University of North Texas

December 2008

Major: Behavior Analysis
Degree: M.S. Behavior Analysis
Honors: Chancellor's List

University of North Texas

December 2004

Major: Applied Behavior Analysis
Minor: Music
Degree: B.S. Applied Behavior Analysis
Honors: Dean's List, President's List

RESEARCH

Nicole R. Dorey, Jesus Rosales-Ruiz, Richard Smith & Bryan Lovelace (2009). Functional analysis and treatment of self-injury in a captive olive baboon, *Journal of Applied Behavior Analysis*, 42, 785-794.

Lovelace, B., Vaidya, M. (2006 – 2008). The role of observing and attending in a delayed matching-to-sample preparation in pigeons.

POSTER SESSIONS

Dorey, N., Rosales-Ruiz, J., Smith, R. and Lovelace, B. (2004). *A functional analysis of self-injurious behavior in an olive baboon (Papio Hamadryas Anubis)*. ABA, Boston, Massachusetts

Lovelace, B., Harris, C., Smith, R. (2005). *Measuring the use of a token economy in an institutional setting*. TEXABA, Houston, Texas

Wolf, R., Smith, R., Smith, C., Atcheson, K., Harris, C., Moore, H., Lovelace, B., and Greenspan, M. (2006). *Service, learning, and research at the behavior analysis resource center*. ABA, Atlanta, Georgia

Wolf, R. Smith, R., Hobbs, J., Moore, H., Maxwell, L., Harris, C., Lovelace, B., Cherryholmes, L. (2007). *Multiple-respondent anecdotal assessments for behavior disorders: An analysis of interrater agreement and correspondence with treatment outcomes*. ABA, San Diego, California

Moore, H., Smith, R., Lovelace, B., Hobbs, J., Harris, C., Atcheson, K., Walker, S. (2007). *Multiple-respondent anecdotal assessments for behavior disorders: An analysis of interrater agreement and correspondence with functional analysis and treatment outcomes*. ABA, San Diego, California 380(64)

PAPER SESSIONS AND SYMPOSIUMS

International Paper Session

ABA Chicago 2008

Topic: Observing and conditional reinforcement
Chair: Bryan S. Lovelace (University of North Texas)

The role of observing and attending in delayed matching-to-sample preparations in pigeons.
Bryan S. Lovelace and Manish Vaidya (University of North Texas)

Symposium

ABA Chicago 2008

Topic: Drug effects on conditional discriminations
Chair: Bryan S. Lovelace (University of North Texas)

TEACHING EXPERIENCE

Adjunct Professor

2008 - Present

Department of Behavior Analysis
University of North Texas
BEHV 3200 Science Skepticism and Weird Behavior
Supervisor: Dr. Richard Smith, Ph.D. BCBA
Responsibilities:

- Teach undergraduate students how to think critically about paranormal claims

Teaching Fellow

2007 - 2008

Department of Behavior Analysis
University of North Texas
BEHV 3150 Science and Human Behavior
Supervisor: Dr. Manish Vaidya, Ph.D.
Responsibilities:

- Teaching a core science credit course to behavior analysis undergraduate students.

Teaching Fellow

2007

Department of Behavior Analysis
University of North Texas
BEHV 4010 Functional Analysis
Supervisor: Dr. Richard Smith, Ph.D. BCBA
Responsibilities:

- Grade assignments and test
- Tutor students
- Supervise lab component of the course at Denton State School

Teaching Fellow

2007

Department of Behavior Analysis
University of North Texas
BEHV 2700 Behavior Principles II
Supervisor: Dr. Sigrid Glenn, Ph.D.
Responsibilities:

- Teach basic behavior analytic principles to undergraduate students
- Tutor students
- Supervise teaching assistants

Teaching Assistant

2007

Department of Behavior Analysis

University of North Texas

BEHV 2700 Behavior Principles I

Supervisor: Dr. Sigrid Glenn, Ph.D.

Responsibilities:

- Teach basic behavior analytic principles to undergraduate students
- Tutor students

LAB EXPERIENCE

Lab Supervisor

2007 - 2008

Animal Operant Lab

University of North Texas

Supervisor: Dr. Manish Vaidya, Ph.D.

Responsibilities:

- Develop computer applications using Visual Basic and Java
- Data analysis and collection
- Lab maintenance and repair
- Food hopper and key operation training for all lab animals
- Debug and run experimental procedures

Lab Supervisor

2006 - 2007

Human Operant Lab

University of North Texas

Supervisor: Dr. Richard Smith, Ph.D. BCBA

Responsibilities:

- Develop computer applications using Visual Basic and Java
- Data analysis and collection
- Lab maintenance and repair
- Debug and run experimental procedures

Research Assistant

2006

Organization for Reinforcement Contingencies with Animals

University of North Texas

Supervisor: Dr. Jesus Rosales, Ph.D.

Responsibilities:

- Consult with local zoos and animal trainers
- Data analysis and collection
- Train animals per request by zoo management

Caseload Manager

2004 - 2006

Behavior Analysis Resource Center

Denton State School

Supervisor: Dr. Richard Smith, Ph.D. BCBA

Responsibilities:

- Develop and evaluate behavior support plans
- Manage caseload with 38 individuals with developmental disabilities
- Train direct care staff and interns
- Member of interdisciplinary team
- Member of human rights committee

AFFILIATIONS & CERTIFICATIONS

Board Certified Behavior Analyst 1-09-5043 03/30/2009
Texas Association for Behavior Analysis
Association for Behavior Analysis
Society for Quantitative Analysis of Behavior
Skeptic's Society

PROFESSIONAL EXPERIENCE

Clinical Director of Intensive Services

2014 - Present

Lakes Regional Community Center

Supervisor: Tammy Lefall

Responsibilities:

- Supervise all clinical programs serving IDD populations funded under waiver 1115. Including the following:
 1. Crisis Respite Wrap Team in Terrell, Tx
 2. Crisis Respite Wrap Team in Corisicana, Tx
 3. Outreach Behavior Support Team, Rockwall, Tx
 4. Outreach Day Treatment Team, Rockwall, Tx

Owner & Clinical Director

2013 - Present

Texas Behavior Services LLC

Supervisor: Self

Responsibilities:

- I created Texas Behavior Services in September 2013 to employ behavior analyst in the service of individuals with intellectual disabilities.
- I currently employ one behavior analyst
- This company currently services more than 5 different providers including HCS, TxHML, and ICF-MR facilities.
