

TSI Checklist

Incoming students should use this checklist to navigate basic Texas Success Initiative requirements here at UNT. For more detailed information, check out the LearningCenter.unt.edu/TSI.

TSI Status

Log into your MyUNT account, click on Student Center, and click on the TSI link on the bottom right.

- If you do not have access to your TSI status on MyUNT yet, please check again a few days later or contact the TSI team.
- If you're complete, no need to go any further—you're all done! You will be able to register for classes after you attend orientation and receive an advising code.
- If you're marked incomplete, move on to the next step.

Exemptions

Check to see if you qualify for an exemption from the TSI Assessment.

- If you think you **DO** qualify for an exemption found on our website or the back of this page, you will need to submit proof to the Learning Center. We may not have all of your transcripts on file, so it is your responsibility to confirm that all of your records have been reviewed by the TSI team.
- If you **DO NOT** qualify for any of the exemptions found on our website or the back of this page, you'll need to take the TSI Assessment as soon as possible. Move on to the next step.

Test Location

Find a place to test by reviewing the testing flyer or checking the LC website (see above).

- Test online from home with a virtual proctor. -> **Submit a Remote Proctoring Request (RPR)**.
- Test at another school. -> **Contact the school at which you'd like to test and submit a Remote Proctoring Request (RPR) if they require a voucher to do so.**
- Test at the UNT campus in the Gateway Testing Center. -> **Go to their [website](#) to make an appointment.**

Visit LearningCenter.unt.edu/tsi for details about your options or complete the RPR.

Test Prep

Complete the Pre-Assessment Activity (PAA) found at learningcenter.unt.edu/tsi.

You will not be able to test unless you provide proof of completing this to the test proctor.

Study for the test. There are several resources located on the LC website that will point you towards helpful study tools. The TSIA is a significant assessment that may have a significant impact on the courses in which you are allowed to enroll. Make sure you spend an adequate amount of time preparing to perform your best.

Post-Test

Take the TSIA and submit scores to the Learning Center. These are the minimum scores needed to become TSI Complete: **Reading-351, Math-350, Writing-5 Essay OR 4 Essay w/ 340 MC.**

- If you earned below the scores on any given section, you'll meet with a TSI advisor during orientation before registering for classes. At that time, you'll learn about courses in which you are eligible to enroll. **If you did not earn the minimum scores, you may also take the assessment again.**
- **Email TSI@unt.edu to let the TSI team know where and when you tested so we can try to access your scores or send us a copy of the score report via fax or email.**
