Course Goals or Overview:	
The goal of this course is to integrate previous knowledge, apply it in a real-world setting, and develop skills to identify, assess, and address public health problems. The format will provide a forum for students where they can build upon their competencies by affirming learning acquired during the program, and prepare them for employment within the public health profession	
Learning Objectives/Outcomes: At the end of this course, the student will	
1	Integrate classroom knowledge into a real-world public health environment
2	Apply knowledge acquired in the program to critically evaluate public health programs and agencies
3	Apply written and oral communication skills in a public health setting through reflective essays and professional writing
4	Apply skills of research developed in earlier work in a project that demands the framing of a significant question or set of questions
5	Connect service-learning opportunities to on-the-job realities and future career goals.

Course Evaluation Methods

This is a hybrid course. Student will complete part of the course in a traditional classroom setting and part of the course via online instruction.

Traditional Classroom Instruction. This course meets every other week for face-to-face instruction. The topic of each class is provided in the Hybrid Course Outline section of the syllabus. Through the in-class discussions and other assessments, students are expected demonstrate mastery of assignment course content.

Field-based Learning. The primary function of this course is experiential learning. Students will be placed in an externship in public health. This activity is evaluated based on the time logs, evaluations (mid-term and final), and the student presentation. Students are expected to participate in 100 hours of experiential learning, inclusive of an internship.

Online Instruction. Face-to-face meetings are supplemented by online instruction through weekly modules posted in Blackboard. Each week's online instruction will begin at 12:00 (midnight) on Monday morning and ends at 11:59 p.m. on Sunday evening. Students should set aside approximately 3 hours each week to complete the module. The topic of each week's module is provided in the Course Schedule section of the syllabus. Through the modules, students are expected demonstrate mastery of assignment course content by passing reading quizzes, completing a learning application exercise, and posting "high quality" comments to discussion posts.

University Policies and Procedures

Students with Disabilities (ADA Compliance). The University of North Texas Dallas faculty is committed to complying with the Americans with Disabilities Act (ADA). Students' with documented disabilities are responsible for informing faculty of their needs for reasonable accommodations and providing written authorized documentation. Grades assigned before an accommodation is provided will not be changed as accommodations are not retroactive. For more information, you may visit the Student Life Office, Suite 200, Building 2 or call Laura Smith at 972-780-3632.

Student Evaluation of Teaching Effectiveness Policy. The Student Evaluation of Teaching Effectiveness (SETE) is a requirement for all organized classes at UNT. This short survey will be made available to you at the end of the semester, providing you a chance to comment on how this class is taught. I am very interested in the feedback I get from students, as I work to continually improve my teaching. I consider the SETE to be an important part of your participation in this class.

Assignment Policy. Assignments must be turned in on time. Late work is not accepted unless it has been approved in advance by the instructor in writing before the due date.

Classroom Etiquette. Any student whose behavior disrupts the learning environment will be asked to leave the class. Any violation of classroom etiquette may result in a loss of points or removal from the course and referral to the Dean of Students, including warnings and other sanctions in accordance with the University's policies and procedures. Disruptions which violate the Code of Student Conduct will be referred to the Office of Student Life as the instructor deems appropriate. Refer to the Student Code of Student Rights Responsibilities and Conduct at <http://www.untdallas.edu/osa/policies>.

Exam Policy. Exams should be taken as scheduled. No makeup examinations will be allowed except for documented emergencies (See Student Handbook).

Academic Integrity. Academic integrity is a hallmark of higher education. You are expected to abide by the University's code of Academic Integrity policy. Any person suspected of academic dishonesty (i.e., cheating or plagiarism) will be handled in accordance with the University's policies and procedures. Refer to the Student Code of Academic Integrity at <http://www.unt.edu/unt-dallas/policies/Chapter%2007%20Student%20Affairs,%20Education,%20and%20Funding/7.002%20Code%20of%20Academic%20Integrity.pdf> for complete provisions of this code.

The University academic integrity policy is in effect for this course. Academic dishonesty includes, but not limited to, cheating, plagiarism (including self-plagiarism), improper collaboration, and/or the fabrication, falsification or alteration of information. Any act of academic dishonesty will be reported to the Dean of Liberal Arts and Sciences and the Dean of Students and may result in a grade of F on the assignment, removal from the course with a final grade of F, and any other sanction as deemed appropriate for the offense, including suspension or expulsion.

Bad Weather Policy. On those days that present severe weather and driving conditions, a decision may be made to close the campus. In case of inclement weather, call UNT Dallas Campuses main voicemail number (972) 780-3600 or search postings on the campus website www.unt.edu/dallas. Students are encouraged to update their Eagle Alert contact information so that they will receive this information automatically.

Attendance and Participation Policy. The University attendance policy is in effect for this course. Class attendance and participation is expected because the class is designed as a shared learning experience and because essential information not in the textbook will be discussed in class. The dynamic and intensive nature of this course makes it impossible for students to make-up or to receive credit for missed classes. Attendance and participation in all class meetings is essential to the integration of course material and your ability to demonstrate proficiency. Students are responsible to notify the instructor if they are missing class and for what reason. Students are also responsible to make up any work covered in class. It is recommended that each student coordinate with a student colleague to obtain a copy of the class notes, if they are absent.

Attendance for this online or hybrid course is considered when you are logged in and active in Blackboard, i.e., posting assignments, taking quizzes, or completing Discussion Boards. To maintain financial aid award eligibility, activity must occur before the census date of the session or term of the course. Refer to <http://www.untDallas.edu/registrar> for specific dates. If you are absent/not active in the course shell, it is your responsibility to let the instructor know immediately, upon your return, the reason for your absence if it is to be excused. All instructors must follow university policy 7.005 covering excused absences; however, it is the instructor's discretion, as outlined in the course syllabus, of how unexcused absences may or may not count against successful completion of the course

Online "Netiquette": In any social interaction, certain rules of etiquette are expected and contribute to more enjoyable and productive communication. Emails, Discussion Board messages and/or any other forms of written communication in the online environment should use proper "netiquette" (i.e., no writing in all caps (usually denotes yelling), no curse words, and no "flaming" messages (angry, personal attacks). Racial, ethnic, or gender slurs will not be tolerated, nor will pornography of any kind. Any violation of online netiquette may result in a loss of points or removal from the course and referral to the Dean of Students, including warnings and other sanctions in accordance with the University's policies and procedures. Refer to the Student Code of Student Rights Responsibilities and Conduct at <http://www.untDallas.edu/osa/policies>. Respect is a given principle in all online communication. Therefore, please be sure to proofread all of your written communication prior to submission.

Diversity/Tolerance Policy. Students are encouraged to contribute their perspectives and insights to class discussions. However, offensive & inappropriate language (swearing) and remarks offensive to others of particular nationalities, ethnic groups, sexual preferences, religious groups, genders, or other ascribed statuses will not be tolerated. Disruptions which violate the Code of Student Conduct will be referred to the Office of Student Life as the instructor deems appropriate.

Technology Requirements: In order to successfully access the materials in an online or hybrid course, UNT Dallas advises that your computer be equipped with the minimum system requirements.

Blackboard Learn 9.1 is the platform software for this course. Blackboard Learn supports major web browsers such as Windows Internet Explorer, Apple Safari, Mozilla Firefox, and Google Chrome. However, since the latter two are updated continually, some recent versions may not be compatible. If you experience difficulty accessing or using

components of the course, try using Internet Explorer. Also, no matter what browser you use, always enable popups.
