Introduction

The College of Music, among the largest in the nation, offers a comprehensive musical environment and unlimited opportunities for the pursuit

of excellence in the musical arts for talented and dedicated musicians. The breadth of the musical experience includes the study and performance of the extended gamut of Western art music, the music of global cultures, and the creative contributions of contemporary jazz and the electronic/experimental media.

The depth of the instruction is provided by a faculty of internationally acclaimed performers, composers, scholars, and educators who are able to share their knowledge, skills and insights with the next generation of musicians, from the baccalaureate to the doctoral and artist levels. The entire program is enhanced by the holdings of the UNT Music Library, the largest and most comprehensive collection among universities in the South and Southwest. Graduates of the College of Music hold positions of leadership and influence throughout the nation in the areas of concert, opera, symphony and jazz performance, in higher education and scholarship, and in public school music education. The College of Music, with its wealth of campus concert experiences and varied instructional programs, is a unique asset in the cultural and intellectual life of the university community; in turn, its effectiveness is enhanced by being part of a large, comprehensive university.

The College of Music is accredited by the National Association of Schools of Music [11250 Roger Bacon Drive, Suite 21, Reston, VA 20190; 703-437-0700].

Admission Requirements

Freshman and Transfer Admission

Admission to the College of Music is contingent on clear admission to the university.

Those students who intend to be music majors must qualify by audition on their principal instrument or voice. Preference will be given to applications received by April 1 each year. For additional procedures and opportunities, please contact the College of Music.

The student should perform standard classical works. Prospective jazz studies majors should be prepared to audition with both classical and jazz repertoire.

Those students unable to audition in person may submit a recording representative of their performance abilities.

If a student fails to gain unconditional admission but shows promise, the faculty may grant conditional admission, subject to re-audition and evaluation at the end of the first term/semester. Permission may be granted to take applied music at reduced credit until the audition is passed.

Students planning to major in composition may begin the undergraduate program through open

enrollment in Beginning Composition I (see “Supplemental Information for the Bachelor of Music with a Major in Composition”).

At Freshman Orientation, students will take placement examinations in both music theory and piano. Transfer students will take similar examinations at New Student Orientation during registration week.

Scholarships

Scholarships and service awards are available in the various performing areas, ensembles and composition. Scholarship auditions (which also serve as entrance auditions) are held at various times during the year as announced, both on and off campus. Applicants unable to attend any of the announced auditions may submit recordings with the scholarship application. Applicants for composition scholarships must submit scores and recordings of two representative works. Scholarship recipients are expected to enroll for a full load, maintain minimum academic grade requirements and perform in appropriate music laboratories and ensembles.

For information, dates and applications for scholarships and entrance auditions, write to: Dean, College of Music, University of North Texas, P.O. Box 311367, Denton, TX, 76203-1367.

General Requirements for Majors

Music Fees

Music fees are charged for private music lessons, practice on university instruments, instrument rental (only a limited number of instruments are available for rental), practice rooms and lockers. For specific fees, check essc.unt.edu/saucs.

All fees must be paid before instruction is given or use of facilities is permitted.

Applied Music

Study in applied music (private lessons) is identified by the categories major, concentration or secondary. The type and amount of applied study is specified in the student's degree plan.

Applied Major — study of the student's principal instrument (or voice) toward a degree in performance.

Concentration — applied music study of the student's principal instrument (or voice) toward a degree in general, choral and instrumental music, or other degree not in performance.

Secondary — study of an instrument or voice in addition to the major or concentration.

Repertoire

A list of repertoire requirements at various levels of study is available from the Music Office. To obtain a list, please specify major, concentration or secondary, and particular performance medium (voice, trumpet, etc.).

Upper Division Examination

The Upper Division Examination must be administered to all music majors at the conclusion of the fourth consecutive long term/semester of study at the MUAM or MUAC 1500 level. It will be given during pre-finals week in place of the Jury Examination by the appropriate faculty, i.e., the area of declared applied major or concentration. The Upper Division Examination determines admission and continuation in applied study at the MUAM or MUAC 3500 level. Guitarists who major in jazz studies will take the Upper Division Examination on jazz guitar.

Juries

During each term/semester of required applied study, the student must pass performance examination(s) before a jury composed of faculty members. Jury requirements are available on request from the music office (please specify major, concentration or secondary, and particular performance medium — voice, trumpet, etc.).

Concert/Recital Attendance

Each student with a major in music is expected to attend a variety of concerts and recitals in addition to required departmental recitals as a graduation requirement.

Music History and Theory Lecture Series Attendance

As a graduation requirement, each undergraduate student with a declared major in music history or music theory is expected to attend all lectures presented in the division of music history, theory and ethnomusicology lecture series during each long term/semester of full-time enrollment (12 hours).

Music Laboratory

Music laboratories are an integral part of the college. Each student with a major in music participates in laboratories each term/semester in residence. Exceptions must be approved by the dean. Supplemental Information for the BM with a Major in General, Choral and Instrumental Music (Teacher Certification)

This program is designed to prepare students for entry into the music teaching profession and related career areas. The curriculum emphasizes public school teacher competencies in music performance, literature and pedagogy. This degree program also leads to Texas teacher certification in all-level music.

Students majoring in general, choral and instrumental music must minor in education and complete a minimum of 12 hours of applied music in one concentration and 4 hours in the secondary applied field.

The curriculum is designed to develop teacher knowledge and skills as a public school general music teacher, choral director, band director or orchestra director. It is recommended that the student’s applied music concentration be appropriate to the intended teaching specialty (voice for the general music and choral areas, and band/orchestral instrument for the instrumental areas). Those students who choose a keyboard or guitar concentration must take the secondary voice/instrument appropriate to the intended teaching area and qualify for participation in the appropriate music laboratory (see subsequent section, “Graduation Requirements”).

When the student has completed the 12-semester-hour requirement in the applied concentration, the Applied Music Examining Committee in the student’s area of concentration decides if any additional hours are required.

During the senior year a major recital of original works will be presented, the content of which will be determined in consultation with the composition instructor and approved by the composition faculty in a hearing at the beginning of the term/semester in which the senior recital is presented. Fulfillment of this requirement is contingent upon approval of the senior recital and portfolio by the composition faculty. Students must be enrolled in MUCP 4190 during the term/semester in which the recital is presented.
