

## Academic

The general policies of the Toulouse School of Graduate Studies are determined by the Graduate Council and administered by the dean.

Standards, fees and other requirements may be modified at any time by the Graduate Council.

### Academic Misconduct

Cheating and plagiarism are types of academic misconduct for which penalties are described and assessed under the UNT “Code of Student Conduct and Discipline,” which is published in the *Undergraduate Catalog* and also is available on the UNT web site at [www.unt.edu/csrr](http://www.unt.edu/csrr) as part of the *Student Handbook*. The following statement on academic misconduct, adopted by the Graduate Council, is based on the “Code of Student Conduct and Discipline.”

The term “cheating” includes, but is not limited to, (1) use of any unauthorized assistance in taking quizzes, tests or examinations; (2) dependence upon the aid of sources specifically prohibited by the instructor in writing papers, preparing reports, solving problems or carrying out other assignments; (3) the acquisition, without permission, of tests or other academic material belonging to a faculty or staff member of the university; (4) dual submission of a paper or project, or resubmission of a paper or project to a different class without express permission from the instructor(s); (5) any other act designed to give a student an unfair advantage.

The term “plagiarism” includes, but is not limited to, the use, by paraphrase or direct quotation, of the published or unpublished work of another person without full and clear acknowledgment. Plagiarism also includes the unacknowledged use of materials prepared by another person or agency engaged in the selling of term papers or other academic materials.

Specific penalties can be assigned by a faculty member for certain cases of academic misconduct (including cheating and plagiarism). These penalties include: giving a failing grade for the test or assignment; reducing or changing the grade for the test, assignment or course; requiring additional academic work not required of other students; assigning a failing grade in the course. Other specific penalties can be recommended by a faculty member to the appropriate administrative/academic authority, including denying of the degree, expulsion from the university or revocation of a degree already granted.

All graduate students are responsible for making themselves aware of the definitions and implications of academic misconduct. For further information on academic misconduct, penalties and appeal procedures, the student should refer to the “Code of Student Conduct and Discipline.”

## Appeal Processes

Students who believe they have not been fairly treated in any aspect of their graduate program have the right of appeal. Grade appeals should be initiated through the instructor. Appeals concerning extension of time to complete a degree should be initiated through the student’s major department. Appeals concerning admission to the Toulouse School of Graduate Studies are initiated through the office of the graduate dean. Appeals concerning admission to a particular degree program should be initiated through the student’s major department. Appeals regarding specific requirements to complete a degree should be initiated through the student’s major department. All other appeals should be initiated through the office of the graduate dean.

The following process applies to grade appeals. Admission decision and time extension appeals will be handled in a different manner. Information about these processes should be sought from either the student’s department or the office of the graduate dean.

### Grade Appeal Process

1. Any graduate student who believes a grade has been inequitably awarded should first contact the instructor who awarded the grade to discuss the issue and attempt to resolve the differences. Any instructor no longer associated with UNT at the time of the appeal will be represented in these proceedings by the chair of the department in question. In schools and colleges not organized into departments, the dean, or his designated representative, will act as chair. A student not in residence the term/semester following the awarding of the grade or a student who is unable to resolve the differences with the instructor has 30 days following the first class day of the succeeding term/semester to file a written appeal with the chair of the instructor’s department, or of the equivalent administrative unit.
2. The chair may follow any of the four procedures below, or a combination of them.
  - a. The chair may confer with the instructor.
  - b. The chair may request that the instructor submit a written reply to the student’s complaint.
  - c. The chair may conduct a meeting of the two parties.
  - d. The chair may refer the case directly to the appropriate departmental committee, as outlined below.

In following either procedure a, b or c above, the chair should make a judgment on the merits of the case and recommend a specific action in regard to the disputed grade. Either the student or the instructor may appeal the recommendations of the chair.

3. The appropriate departmental committee to hear cases sent directly to it by the chair or appealed to it by either the student or the instructor shall be constituted as follows and shall perform the following duties.

a. It shall be an *ad hoc* committee consisting of three faculty members. Two of the members will be chosen from the department in which the grade is being questioned, one by the student and the other by the instructor. If either party to the dispute declines to choose a member of the committee, the department chair will select that member. The third faculty member of the committee, who shall serve as chair, will be chosen either from within or without the department by agreement of the student and the instructor. If they cannot agree upon a third member, the member shall be chosen by the chair of the department, with the provision that the student and the instructor may agree to stipulate that the third member of the committee be chosen from a related department rather than from the department in question.

b. This *ad hoc* committee should require written statements from each participant in the dispute. Judgments may be rendered upon the basis of these statements, upon other evidence submitted in support of the statements and upon the basis of an oral hearing, if such a hearing seems necessary.

c. The committee must make a recommendation for disposition of the case within 30 days of its appointment.

d. All records in the case will be filed with the chair of the department in which the grade was originally awarded.

4. Either party to the dispute has 15 days following the rendering of the *ad hoc* committee recommendation to appeal that recommendation to the dean of the graduate school, if the appeal is based solely upon alleged violations of established procedures. Substantive matters, up to and including the refusal of the instructor to act in accordance with the *ad hoc* committee's recommendation or the student's refusal to accept the verdict, may not be appealed to the graduate dean.

5. The dean of the graduate school shall, after a review of the submitted written materials (and oral hearings if desired), make within 15 days a ruling about procedural questions. The ruling may be appealed by either the student or the instructor to the Appeals Committee of the graduate school.

a. The Appeals Committee will have 30 days from the date of its appointment to complete its work.

b. The Appeals Committee shall operate within the guidelines set out for departmental *ad hoc* committees in 3b above.

c. All rulings made by the Appeals Committee regarding procedural questions shall be final.

d. All documents related to the case shall be returned to the chair of the originating department for departmental files.

## General Policies

### Changes of Address

It is the responsibility of the student to provide correct permanent and local mailing address information at all times and on all documents at the university. Failure to do so constitutes a breach of the Student Code of Conduct. Students who change their mailing address must notify the Registrar's Office by calling (940) 565-2111 or update their address at [my.unt.edu](http://my.unt.edu).

### Identification Card Regulations

The identification card is distributed during registration after all fees have been paid. The card entitles the bearer to student admission to athletic events, University Program Council entertainment, Fine Arts Series programs, dances, movies, general access computer laboratories and the University Health Center. It provides identification at the libraries for checking out materials, at the University Union for check cashing and at Recreational Sports and the UNT Health Center for use of these facilities. The ID card also serves as the meal card for those students with meal plans. As the student's official university identification, it must be presented to any UNT official upon request. Each enrolled UNT student with a valid ID card is eligible to receive one complimentary catalog per year beginning July 1.

Lost ID cards may be replaced for a \$10 charge in the ID Systems Office of Student Accounting and University Cashiering Services located in the Eagle Student Services Center, first floor. Mislplaced ID cards that have been turned in are held in the ID Systems Office located in Stovall Hall. Students are asked to retain their ID cards, even though they may not be enrolled. The cards are reactivated upon subsequent enrollment.

Fraudulent use of the ID card subjects the user to a fine of \$2,000 and up to one year in jail (Class A Misdemeanor). Anyone who uses the ID card to give false information to a police officer is subject to a fine of \$200 (Class C Misdemeanor).

### Liability for Personal Loss

The university is not responsible for and does not assume any liability for loss of or damage to personal property, including damage to vehicles. Students are encouraged to obtain personal insurance coverage for loss or damage to possessions on

campus, including possessions in dormitories and vehicles.

### Motor Vehicle Regulations

Persons who operate motor vehicles and bicycles on the UNT campus must comply with the Texas Uniform Traffic Code and published university regulations regarding vehicle and bicycle use, parking, display of decals and penalties for violation. The regulations are available online at [www.unt.edu/parking/regs.html](http://www.unt.edu/parking/regs.html).

### Severe Weather Dismissals

Weather conditions may temporarily disrupt university operations. The university policy regarding severe weather disruption pertains to all university classes, in Denton, in the Dallas–Fort Worth area and at the UNT Dallas Campus (UNT System Center at Dallas) unless exceptions are noted specifically in the news media announcements.

Courses taught online via WebCT are unaffected by severe weather closings unless instructors inform students otherwise. Those students should continue course work as regularly scheduled.

The Presidents of UNT and the UNT Health Science Center–Fort Worth, and the Director of the Universities Center at Dallas will issue appropriate policy guidance for those institutions. The current policy may be found in the *Schedule of Classes*.

Closings due to severe weather are posted on the UNT web site at [www.unt.edu](http://www.unt.edu).

### Student Handbook

Policies and regulations governing students are explained or recorded in full in the *Student Handbook*, available on the university's web site ([www.unt.edu/csrr](http://www.unt.edu/csrr)). The handbook also deals with other applicable state, local and university policies, student services and programs. The student is responsible for knowing and abiding by these policies.

### Summons

The university may issue a summons when a student's conduct or behavior is reasonably believed to be in violation of a published policy or regulation. A summons is an official request that the student appear before a university administrator. A student who receives a summons should always consider it important and should respond immediately. Failure to answer a summons can result in disciplinary action up to and including administrative withdrawal from the university.

### Transportation Services

Transportation Services operates the UNT shuttle, which is funded by a transportation fee. The UNT shuttle currently serves the main campus, the Research Park, Eagle Point, Mean Green Village and student-oriented apartments Monday–Friday,

7:15 a.m. – 10:30 p.m. Night service operates Sunday–Thursday until 2:30 a.m. Limited service is also provided on weekends.

Students can access local bus service operated by the Denton County Transit Authority by showing a valid UNT ID.

The department also offers a rideshare service powered by AlterNetRides. Please visit the web site at [www.unt.edu/etrans](http://www.unt.edu/etrans) for more information.

### Other Policies in Print

Additional policies and guidelines pertaining to particular subjects or for specific publics are listed in other publications, such as the *ABCs of Residence Hall Living*, available in the Housing and Residence Life office; *Parking Regulations*, available from Parking Services in the Sullivant Public Safety Center and the UNT Bookstore in the University Union; *The Financial Connection*, available in Student Financial Aid and Scholarships. International students should consult the International Admissions and Advising Center for information regarding policies and procedures required by federal regulation agencies.

Tuition and fees information is available online at [www.unt.edu/tuition](http://www.unt.edu/tuition).

Other policies may be found in the “Code of Student Conduct and Discipline,” which is published in the *Undergraduate Catalog*. The code is also available on the UNT web site ([www.unt.edu/csrr](http://www.unt.edu/csrr)) as part of the *Student Handbook*.

All university policies are subject to change throughout the year.

## University of North Texas Drug-Free Schools and Campuses Act

Pursuant to the Drug-Free Schools and Campuses Act Amendments of 1989, the University of North Texas is required to establish a drug and alcohol prevention program for its students and employees. UNT is also required to provide this information to students, faculty, and staff upon entry and annually. Following is a description of UNT's program. A biennial review of this program is done to determine its effectiveness, to implement changes to the program if they are needed and to ensure that the university's disciplinary sanctions described are consistently enforced.

A reference listing of UNT resources for alcohol and other drug educational prevention efforts, counseling, and referral are listed below. Please feel free to contact any of the offices listed for more information.

### Standards of Conduct

University of North Texas regulations prohibit the unlawful possession, use, distribution and sale of

alcohol and illicit drugs by University students and their guests and for employees on University-owned or controlled property and at University-sponsored or supervised activities.

### University Discipline

Violation of these university regulations can result in disciplinary action up to and including expulsion for students and discharge for employees.

### Legal Sanctions

Local, state and federal laws also prohibit the unlawful possession, use, distribution and sale of alcohol and illicit drugs. Criminal penalties for violation of such laws range from fines up to \$20,000 to imprisonment for terms up to and including life.

### Health Risks

Specific serious health risks are associated with the use of alcohol and illicit drugs. Some of the major risks are listed below. For more information contact the Wellness Resource Service and Substance Abuse Resource Center at 1800 W. Chestnut, Chestnut Hall, Suite 301, or by calling (940) 565-2787.

- **Alcohol and other depressants (barbiturates, sedatives, and tranquilizers)** – addiction, accidents as a result of impaired ability and judgment, alcohol poisoning, overdose when used with other depressants, damage to a developing fetus, heart and liver damage.
- **Marijuana** – impairs short-term memory, thinking, and physical coordination. Can cause panic reaction and increase the risk of lung cancer and emphysema. Can interfere with judgment, attention span, concentration, and overall intellectual performance. Impairs driving ability. May cause psychological dependence and compromise the immune system.
- **Cocaine** – addiction, cardiovascular system damage including heart attack, brain damage, seizures, lung damage, severe depression, paranoia, psychosis. Similar risks are associated with other stimulants, such as speed and uppers.
- **Nicotine** – tobacco smoke contains thousands of chemical compounds, many of which are known to cause cancer. Nicotine, which is a central nervous system stimulant, produces an increase in heart and respiration rates, blood pressure, adrenaline production and metabolism. People can rapidly become physically and psychologically dependent on tobacco. Compromises the immune system.
- **Inhalants** – inhalants are a diverse group of chemicals that easily evaporate and can cause intoxication when their vapors are inhaled. Most inhalants are central nervous system depressants. Use of these drugs slows down many body functions. High doses can cause severe breathing failure

and sudden death. Chronic abuse of some of these chemicals can lead to irreversible liver damage and other health problems.

- **Prescription drug abuse** – adverse reactions, dependency, withdrawal, and overdose
