

Joint Symposium on Neuroscience and Molecular Biology  
by the Federation of North Texas Area Universities  
“**BIOLOGICAL APPLICATIONS  
OF NANOTECHNOLOGY**”

April 9, 2010  
1:30 pm – 5:10 pm  
Biological Sciences Building  
Lecture Hall  
Room 117

## Schedule of Speakers

1:30 pm Introductory Remarks

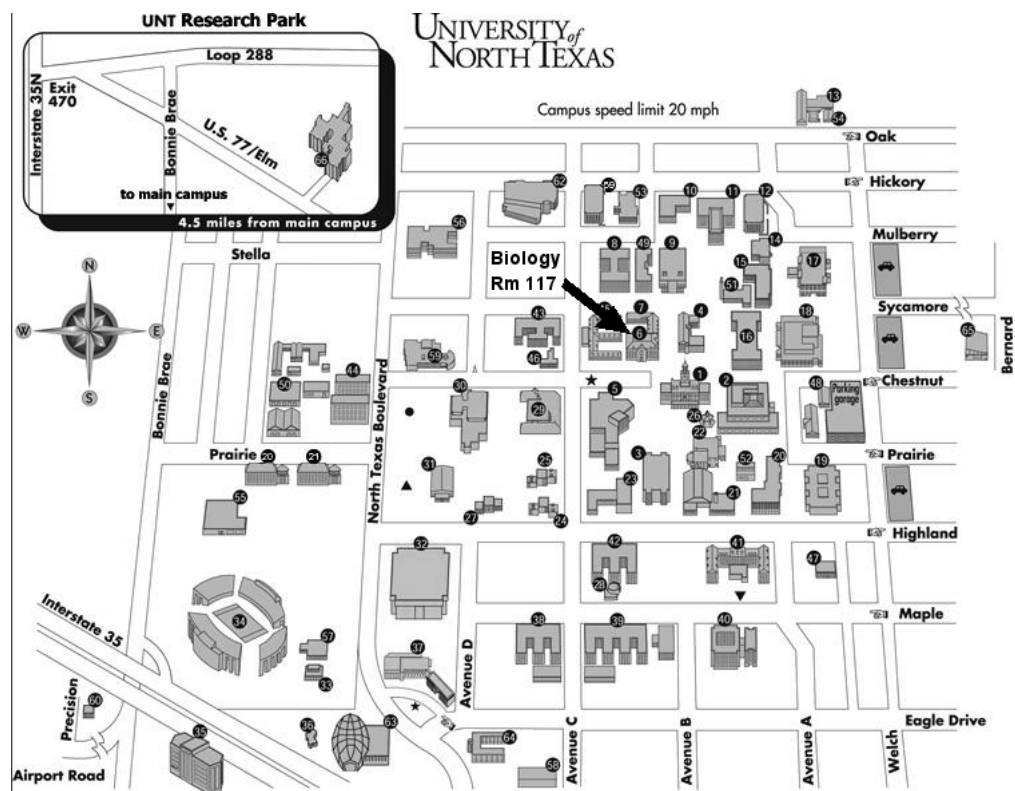

1:40 pm Dr. Christine Schmidt,  
University of Texas, Austin  
Engineering Approaches for  
Neural Tissue Regeneration

2:40 pm Dr. Roger Craig,  
University of Massachusetts  
Medical School  
Molecular Structure and  
Switching in Myosin Filaments

3:40-4:10 pm Refreshments

4:10 pm Dr. Kuan Wang,  
NIAMS/NIH  
Nanomechanics in Signaling

6:00 pm Dinner/Reception  
At the Home of  
Dr. and Mrs. Robert Benjamin  
1046 Thornridge Cir., Argyle

There is a parking garage at Praire and Welch. Street parking is possible on Hickory and northward. The visitors' booths as indicated by stars may also be checked for additional parking options.
