FERPA Statement:

Under Federal legislation, namely the Family Educational Rights and Privacy Act (FERPA) of 1974, I understand that my educational records cannot be released without my written permission. I authorize the release of my academic records from NCTC to UNT, and the release of my academic records from the UNT to NCTC, in order to share student data information between the two institutions without the violation of FERPA. I understand that I do have the right to rescind this release agreement of my academic records, once a UNT student.

North Central Texas College (NCTC) students who meet the University of North Texas (UNT) admissions requirements upon completion of studies at NCTC or who complete the [Name of the Associate] degree at NCTC with at least 45 transferrable hours and a 2.00 grade point average will receive automatic admission to UNT. Students should apply for the *Eagle Bound Program* within the first year of enrollment at NCTC. This form needs to be completed and signed by the appropriate NCTC official prior to submitting to UNT.

In order to enroll in classes at UNT, the student must complete and submit (by UNT's admission deadline) the **TRANSFER** Texas Common Application (www.applytexas.org) and submit all official academic credentials required for admission, to UNT.

Students transferring directly from NCTC to UNT shall have the same choice of catalog designating degree requirements as they would have had if the date of attendance at the university had been the same as the dates of attendance at the community college. All requirements of the chosen catalog must be met within eight years of that catalog's publication.

I agree that my student records may be shared between UNT and NCTC to facilitate the administration of this program.
