# BA IN INTERNATIONAL STUDIES WITH A CONCENTRATION IN PEACE STUDIES

## DEGREE IN THREE ACADEMIC MAP

2017-2018 CATALOG YEAR

---

The Bachelor of Arts in International Studies with a Concentration in Peace Studies is an interdisciplinary major that focuses on issues related to the establishment and maintenance of global peace. To enhance their study, students are asked to choose a region of the world that is currently struggling with these issues and a language that matches the region. For example, Africa & the Middle East for the region and either Arabic or French for the language.

There are 42 hours in this major, 39 of which are advanced (3000 or 4000 level). Additionally students will complete a total of 18 hours in their chosen language and 6 of those hours are advanced giving the student a total of 45 advanced hours. In many cases students are able to complete a minor in their chosen language by taking one more advanced course and earning grades of C or better in each class.

We encourage students to participate in Study Abroad programs when possible and especially to seek out and obtain internships. Several of our students have been lucky enough to do internships abroad and accomplish both simultaneously! Our alumni work in multiple related fields both nationally and internationally. They can be found in government, education, business, and the military. Students today will be global leaders tomorrow!
