

# BS IN PSYCHOLOGY DEGREE IN THREE ACADEMIC MAP

2018-2019 CATALOG YEAR

A Bachelor of Science with a major in Psychology is a four-year degree designed to prepare students for entry-level careers in a variety of fields. The degree can prepare you to enter the medical profession, law school, or seminary. To become a practicing Psychologist, you will need a master's or doctoral degree. As a Psychology major, you gain a scientific basis of Psychology knowledge and learn the many ways that knowledge is applied to everyday life.

The following three-year plan is one example of a variety of ways in which you can complete your chosen degree in three years. INDIVIDUAL CIRCUMSTANCES VARY (FOR EXAMPLE, CREDIT FOR PRIOR COURSEWORK, SCHEDULING CONSTRAINTS, AND EMPHASIS WITHIN PSYCHOLOGY); THEREFORE, IT IS HIGHLY UNLIKELY THAT YOU WILL FOLLOW THIS SAMPLE PLAN. PLEASE SEE A PSYCHOLOGY ADVISOR TO CREATE A CUSTOMIZED PLAN.

The College of Liberal Arts and Social Sciences expects you to have completed the State recommended high school program and be ready to enroll in language 2040.

**Credit by Examination or Dual Credit upon Entry as a Freshman (earned through qualifying scores on appropriate Advanced Placement Exams, International Baccalaureate)\*:**
