

AGENDA

TEXAS INDUSTRIALIZED BUILDING CODE COUNCIL

E. O. Thompson Building
920 Colorado, 4th Floor Conference Room
Austin, Texas
February 3, 2000
1:30 PM

- I. Call to order
- II. Record of attendance
- III. Approval of minutes of July 29, 1999 meeting
- IV. Department update
 - A. Introduction of agency executive director and deputy
 - B. New manufacturers
 - C. Penalties and complaint cases
 - D. Other
- V. New Business
 - A. Proposed rule changes
 - 1. Rule 70.10(a) - delete definition of ASHRAE, add definition of ICC and Installation Permit, and renumber definitions as necessary.
 - 2. Rule 70.23 - add certification as a combination commercial inspector as granted by BOCA to the criteria for inspectors and supervisor of inspectors.
 - 3. Rule 70.50(b) - add option to report city responsible for site inspection.
 - 4. Rule 70.70(a)(5) - revise rule for transitioning approval of documents from old code editions to new code editions.
 - 5. Rule 70.70(b)(18) - change requirement from wind load (psf) and wind speed (mph) to wind speed (mph) and exposure; add requirement to show location of data plate and decal or insignia on floor plan or cover sheet of model or project.
 - 6. Rule 70.70(c) - grammatical changes.
 - 7. Rule 70.71(a) - revise requirements for documenting location of data plate and revise to prohibit placement of data plate on any readily removable component of a module.
 - 8. Rule 70.71(b) - change requirement from wind load (psf) and wind speed (mph) to wind speed (mph) and exposure.
 - 9. Rule 70.77 - revise requirements for documenting location of decal/insignia and revise to prohibit placement of decals or insignia on any readily removable component of a module or modular component.

- B. Electronic submittal of DRA approved documents.
 - C. Withdrawal of ICBO from the National Evaluation Service and the effect on IHB program.
 - D. Evaluation report conditions of use for testing laboratories often require the tested product to be examined and the findings noted in a specific evaluation report on the product. Can the DRA evaluate the findings for conformance to the code requirements without an evaluation report on the product?
 - E. Request from GSL Manufacturing for approval of alternates to code requirements:
 - 1. Approval of one-hour fire-resistive floor/ceiling assembly.
 - 2. Approval of an alternate to sections 1007.6.1, 1004.3.1, and 1006.3.2.4 of the 1997 edition of the Uniform Building Code regarding enclosed exit corridors.
 - F. Code interpretations
 - 1. Section 1505.3 of the 1997 edition of the Uniform Building Code and section 2309.7 of the 1997 edition of the Standard Building Code regarding ventilation of enclosed attic and rafter spaces.
 - 2. Conflict between section 1202.2.1 of the 1997 edition of the Uniform Building Code, section 1203.5 of the Standard Building Code, and section 403 of the 1998 edition of the International Mechanical Code concerning mechanical ventilation of toilet rooms.
 - 3. Section 403 of the 1997 edition of the International Plumbing Code concerning requirements for minimum plumbing facilities and service sinks in business, educational, and storage occupancies.
 - 4. Section 1204 of the 1997 edition of the Standard Building Code concerning the definition of a public rest room.
 - G. Request from Blazer Industries for approval of an alternate to National Evaluation Service Report #NER-227
 - H. Approval of third party inspectors, third party inspection agencies, and design review agencies
- VI. Public Comment
- VII. Next Meeting
- VIII. Adjournment
