

Substance Abuse Prevention Specialist Training

TCADA, CSAP's Southwest Center for the Application of Prevention Technology, TCADA's Prevention Resource Centers, and the Texas Education Agency's Regional Education Service Centers are collaborating to bring Substance Abuse Prevention Specialist Training (SAPST) to locations in Texas. The training covers the fundamental knowledge base for substance abuse prevention professionals.

The training includes the following modules:

- Introduction and History of Prevention
- Prevention Research
- Prevention Program Planning
- Facts about Drugs and Prevention Terms
- Cultural Context and Ethics of Prevention
- Using Human Development In Prevention
- The Media and Prevention
- Evaluation
- Bringing It All Together

Scheduled Trainings:

- **July 21 – 25, 2003, Austin.** This track is incorporated into the TCADA Annual Institute. Registration information is available at <http://www.tcadaconferences.com/Institute2003/html/SpecialEventsTraining.asp>. Registration is limited to 40 participants.
- **August 4 - 8, 2003, Dallas.** Training will be held at the Greater Dallas Council on Alcohol and Drug Abuse offices. Registration is limited to 40 participants. [To register, click here.](#)
- **August 11 – 13, 2003, Dallas.** SAPST Training of Trainers will be offered to individuals who have completed a SAPST in Texas over the last two years. Registration is limited to 25. [To register, click here.](#)
