# Texas Parks and Wildlife Department

**Address:** 4200 Smith School Road, Austin, TX 78744

**Phone:** (512) 389-4800

**FAX:** (512) 389-4450

**Toll-free Phone:** (800) 792-1112

**Executive Director:** Robert L. Cook (appointed by TPW Commission)

**Legal Authority:** Sec. 11.011, Parks and Wildlife Code

**Sunset Act:** 2013

**Employees:** 2961.4 FTE's authorized

**Appropriation Levels:** FY 2006: \$237,825,354. FY 2007: \$200,709,388

**Governing Body:** The Texas Parks and Wildlife Commission is the policy-making body that oversees the Department. Nine members are appointed by the governor with senate confirmation for overlapping six-year terms. Positions are unpaid. The governor appoints the chair.

## Commission Members

## Term Expires

Joseph B. C. Fitzsimons, Chairman, San Antonio	02-01-07
J. Robert Brown, El Paso	02-01-09
Ned S. Holmes, Houston	02-01-09
Peter M. Holt, San Antonio	02-01-11
John D. Parker, Lufkin	02-01-09
T. Dan Friedkin, Houston	02-01-11
Mark E. Bivins, Amarillo	02-01-11
Philip O'B. Montgomery, III, Dallas	02-01-07
Donato D. Ramos, Vice Chair, Laredo	02-01-07
Lee M. Bass, Chairman Emeritus, Fort Worth	

## Mission Statement:

To manage and conserve the natural and cultural resources of Texas and to provide hunting, fishing and outdoor recreation opportunities for the use and enjoyment of present and future generations.

## Description and History:

Texas Parks and Wildlife Department provides outdoor recreational opportunities by managing and protecting wildlife and wildlife habitat and acquiring and managing parklands and historic areas. It has inherited the functions of many state entities created to protect Texas' natural resources. In 1895 the legislature created the Fish and Oyster Commission to regulate fishing. The Game Department was added to the commission in 1907. The State Parks Board was created as a separate entity in 1923. In the 1930s, projects of the federal Civilian Conservation Corps added substantially to the state's parklands. In 1951, the term oyster was dropped from the wildlife agency's name, and in 1963, the Parks Board and the Game and Fish Commission were merged to form the Texas Parks and Wildlife Department. The legislature placed authority for managing fish and wildlife resources in all Texas counties with the

Parks and Wildlife Department when it passed the Wildlife Conservation Act in 1983. Previously, commissioners' courts had set game and fish laws in many counties, and other counties had veto power over department regulations.

The agency currently has 11 internal divisions: Wildlife, Coastal Fisheries, Inland Fisheries, Law Enforcement, Legal, State Parks, Infrastructure, Communications, Administrative Resources, Human Resources and Information Technology. Intergovernmental affairs, internal audit and internal investigations are administered through the Executive Office.

#### **Executive Office**

Executive Director: Robert L. Cook

Deputy Executive Director for Operations, Scott Boruff

Deputy Executive Director for Administration, Gene McCarty

The Executive Office is responsible for the management and oversight of a diverse agency consisting of eleven divisions with a variety of programs, facilities and services. Executive Staff coordinates all activities related to the Commission, Legislature, and Foundation. This office includes Land Acquisitions, Internal Audit, and Internal Investigation functions. Executive office staff receives and coordinates all incoming correspondence and most public contact. The Executive Director is Chief Executive Officer of the department and, as such, coordinates the development of agency strategy and policy, supervises senior agency management and serves as the senior decision making authority. In these matters, the Executive Office staff assists him.

#### **Administrative Resources Division**

Director: Mary L. Fields

The **Administrative Resources Division** is responsible for financial services, budget and planning. Financial services include accounting, purchasing and contracting, payroll, voucher processing and revenue collection. Budget and Planning includes preparation of the agency's budgets, Legislative Appropriations Requests, strategic planning and performance measure reporting. The division is also directly responsible for the registration and titling of boats and motors and the issuance of hunting, fishing and other licenses and serves as the primary contact for coordination of requests from state oversight agencies. The division strives to continually improve services to both internal and external customers.

#### **Coastal Fisheries Division**

Director: Larry D. McKinney, Ph.D.

The **Coastal Fisheries Division** manages the marine fishery resources of Texas' four million acres of saltwater, including the bays and estuaries and out to nine nautical miles in the Gulf of Mexico. Coastal Fisheries management strategies are directed toward optimizing the long-term utilization and sustaining fisheries populations at levels that are necessary to ensure replenishable stocks of commercially and recreationally important species. The Division also focuses on habitat conservation and restoration and leads the agency research, management and inter-agency coordination on all water-related issues, including assuring adequate in-stream flows for Texas' rivers and sufficient freshwater inflows for bays and estuaries. These priority goals and strategies will assure our marine waters' health and productivity and protect fish, wildlife and plant resources from degradation or depletion.

The Coastal Fisheries staff has worked closely with other department divisions as well as other state, federal and international fishery management agencies to provide optimum opportunities from and conservation for the rich biological diversity inherent in Texas' marine waters.

## **Communications Division**

Director: Lydia Saldaña

The **Communication Division's** primary responsibility is to increase awareness of the importance of conserving the natural and cultural resources of Texas, increase participation in outdoor recreational activities and encourage safe, legal and ethical behavior among resource users. Through a wide range of media products and marketing efforts, the Communications Division drives traffic to the agency's revenue-producing products including hunting and fishing licenses, boat registrations, both day and overnight park visitation as well as other special programs and events. Communications products include the TPWD website, the *Texas Parks & Wildlife* monthly magazine, a weekly PBS television series, the Passport to Texas daily radio program, a video news report program, video products, plus a wide range of internal and external publications and various public information items. The division also provides a department-wide education, planning and evaluation effort, the state's mandatory boater and hunter education programs, conservation education initiatives, outreach programs, and the annual Texas Parks and Wildlife Expo.

## **Human Resources Division**

Director: Al Bingham

The **Human Resources Division** supports achievement of the agency's mission through services to attract and retain a highly skilled and diverse workforce. The division's activities are largely customer-driven, with continual efforts to improve services and processes. The division maintains all personnel records and relies heavily on customer input in the development of policy and procedures; in determining training needs and priorities; in providing day-to-day services in employee recruitment, benefits and relations; and in related legal services. Services include on-going human resources policy development and interpretation, job analysis and classification, job vacancy announcements and application processing, new hire and separation processing; benefits and compensation administration, complaints and grievance administration, leadership development and management training programs, employee assistance programs and employee service and recognition award programs.

## **Information Technology Division**

Director: George Rios

Information Technology (IT) is a customer driven Division whose goal is to further the technological advancement of the agency in support of the TPWD mission. We strive to accomplish this through the maintenance of a dependable and secure technology infrastructure, outstanding customer support of hardware and software and the continued development of new and innovative technology and applications.

IT oversees the operations of the agency network and all network related services including Internet, e-mail, telecommunications and data storage. We also offer hardware and software support, repair and consultation at headquarters and the field as well as a wide range of computer training opportunities that are made available to all employees.

## **Infrastructure Division**

Director: Steve Whiston

The **Infrastructure Division** provides project management, professional planning, design, construction, and technical services to all divisions of the department. In support of the agency's mission, the division's goals are to deliver environmentally appropriate projects on-time and within budget and provide sound stewardship of public dollars. The division manages the **Capital Program** for Texas Parks & Wildlife Department and administers all projects which include all new construction, restoration, renovation, maintenance, and repair projects. Additionally, Infrastructure is responsible for all professional design and construction contracts for the Department. The division provides construction, inspection, technical assistance, and technical surveying services for field staff and facilities. The division's **Historic Sites Program** prepares site preservation plans and coordinates architectural designs for historically designated structures and landscapes. Internal **Force Account** construction crews perform repair and capital improvements to projects across the state. The division, through the use of advanced analysis techniques,

provides agency-wide **Master Planning** services to develop environmentally compatible master plans for recreational and operational facility development. The division is also responsible for the management of TPWD headquarters complex including plant operations, utilities, energy management, space management, repair and improvement projects, grounds and facility maintenance, custodial services and 24-hour manned security. In partnership with the Texas Department of Transportation, the division coordinates the state interagency program for road repair and construction in state parks, wildlife management areas, fisheries, and other department facilities throughout the state.

The division has oversight responsibilities for the agency **Fleet Management Program** which follows the State Vehicle Fleet Management Plan. The program coordinates vehicle procurement, inspections, equipment, licensing, titling tracking, reporting and issuance of all agency vehicles.

Administering the agency **Radio Management Program**, the division is responsible for all radios and radio systems throughout the state in accordance with federal operations and licensing regulations. Responsibilities include the installation, repair, and maintenance on vehicle, facility, and handheld radios. In addition, the program administers statewide agency radio tower and repeater licensing, tower lease management, maintenance and repair.

The division also manages the agency **Safety and Risk Management Program** and is committed to protecting employees and provides a safe environment for the visiting public. The program is responsible for statewide safety programs and oversees internal Appointed Duty Safety Officers (ADSO) to ensure compliance with all regulations governing safety and health.

### **Inland Fisheries Division**

Director: Phil Durocher

The Inland Fisheries Division is responsible for managing and protecting the state's diverse freshwater fisheries resources. The goal of this management is to provide the best possible angling while protecting and enhancing freshwater aquatic resources. The resources include approximately 800 public impoundments covering 1.7 million acres and 80,000 miles of rivers and streams. These resources are used by about 1.84 million anglers 16 years of age and older whose fishing activities provide great benefit to the Texas economy through an estimated \$1.5 billion per year in direct angler spending on food, lodging, transportation, and equipment.

The Division's activities include fisheries management and research, ecosystem and habitat assessment, instream flow and river studies, fish production, fish kill assessments, environmental contaminant analysis, natural resources damage recovery, wetlands conservation, permitting, angler education and information, and fishing access. Division staff is located in Austin, San Marcos, 3 regional offices, 15 district offices, one research center, and 5 fish hatcheries. This includes the Texas Freshwater Fisheries Center in Athens, which combines a state-of-the-art fish hatchery and research center with an educational visitors' center.

### **Law Enforcement Division**

Director: Colonel Peter Flores

The **Law Enforcement Division** provides a comprehensive statewide law enforcement program to protect Texas' wildlife and other natural resources and provide safe boating and recreational water safety on public waters by ensuring compliance with applicable state laws and regulations. TPWD game wardens are responsible for enforcement of the Texas Parks and Wildlife Code, all TPWD regulations, the Texas Penal Code and selected statutes and regulations applicable to clean air and water, hazardous materials and human health. Wardens fulfill these responsibilities through educating the public about various laws and regulations, preventing violations by conducting high visibility patrols and apprehending and arresting violators. Operation Game Thief provides citizens with a toll-free telephone number to report poaching and other violations. The Law Enforcement Division operates twenty-seven field offices and employs about 500 wardens throughout the state. About 120 administrative personnel sell licenses, register boats, and provide the public with local information across the state.

## **Legal Division**

General Counsel, Ann Bright

The Legal Division's primary responsibility is to provide legal advice and assistance to TPWD staff and the TPWD Commission regarding matters within TPWD's authority, such as water quality, water rights, fish and wildlife law, criminal law, employment law, contract law, administrative law, and open government law. Legal Division attorneys also represent TPWD in administrative legal proceedings, assist the Attorney General's office in litigation involving TPWD, review and draft agreements involving TPWD and assist TPWD staff with rulemaking. In addition, the Legal Division is the division primarily responsible for coordinating responses to requests for information under the Texas Public Information Act and coordinating the agency's regulations process under the Administrative Procedure Act.

## **State Parks Division**

Director: Walter D. Dabney

The **State Parks Division** is responsible for protecting, interpreting and managing cultural and natural resources of statewide significance and providing outdoor recreation opportunities. The division oversees more than 600,000 acres of land owned or leased by the department, including 119 state parks, historic sites and natural areas. The division is aggressively pursuing enhanced marketing and more innovative management of state parks. The division also strives to deliver exemplary public service. The R3 project, created in 1993, improves service by automating the reservation and registration of park visitors and the reporting of park business records. The first major R3 achievement was the new Customer Service Center for state parks; an automated system launched with multiple operators manning computer workstations. The CSC provides faster service through computerization and allows reservations at any park with one phone call (customers had to call each park individually before) Internet reservations are also available. The division also provides planning assistance, matching grants as well as grants for outreach programs to local communities for the acquisition and development of local parks, indoor recreation centers, public boat ramps and other facilities. The division is developing long-term strategies to help carry the state park system into the 21st century and meet the needs of a changing Texas.

## **Wildlife Division**

Director: Mike Berger, Ph.D.

The **Wildlife Division's** mission is to manage and conserve the natural and cultural resources of Texas and to provide hunting, fishing, and outdoor recreation opportunities for the use and enjoyment of present and future generations. To accomplish this mission, Division personnel annually conduct about 2,100 wildlife population surveys, provide recommendations concerning the management of about 1,200 vertebrate wildlife species, conduct more than 70 wildlife research studies, manage 51 wildlife management areas totaling 755,000 acres, hold public hunts on more than 200 tracts of land totaling more than 1.4 million acres, provide landowner incentives to manage for rare species, inform the public about wildlife, provide technical guidance to private landowners, and develop more than 5,100 active wildlife management plans for about 18.0 million acres of private lands.

# TEXAS PARKS AND WILDLIFE DEPARTMENT

## Wildlife Regions and Districts

### Region I Director

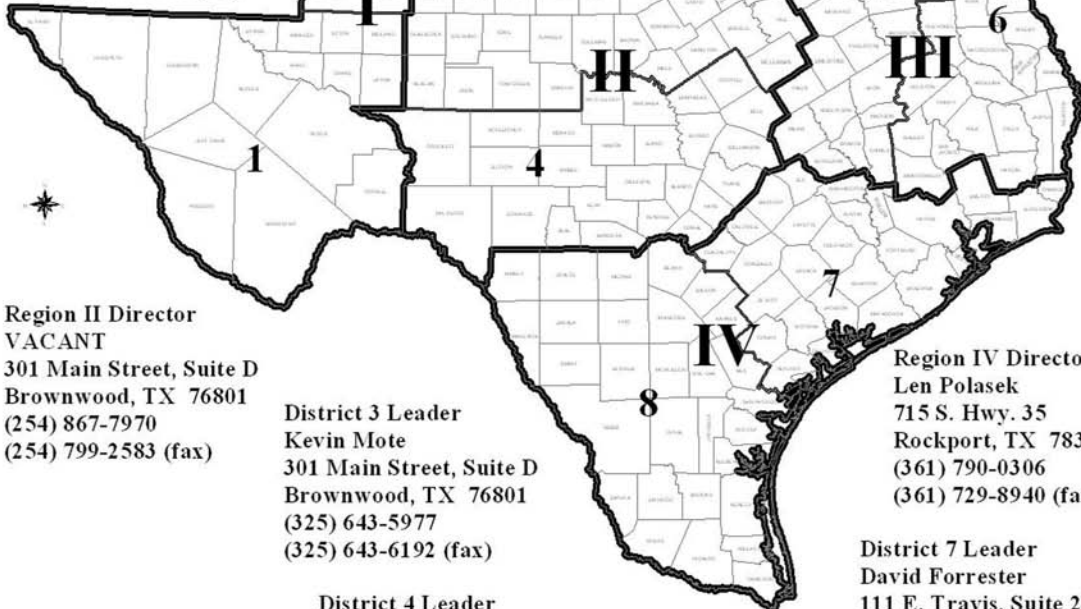

Ruben Cantu  
3407-B S. Chadbourne  
San Angelo, TX 76904  
(325) 651-4748  
(325) 651-4752 (fax)

### District 1 Leader

Billy Tarrant  
109 S. Cockrell St.  
Alpine, TX 79830  
(432) 837-2051  
(432) 837-5987 (fax)

### District 2 Leader

Danny Swepston  
P. O. Box 659  
Canyon, TX 79015  
(806) 655-3782/3975  
(806) 655-4045 (fax)

### Region II Director

VACANT  
301 Main Street, Suite D  
Brownwood, TX 76801  
(254) 867-7970  
(254) 799-2583 (fax)

### District 3 Leader

Kevin Mote  
301 Main Street, Suite D  
Brownwood, TX 76801  
(325) 643-5977  
(325) 643-6192 (fax)

### District 4 Leader

Max Traweek  
309 Sidney Baker South  
Kerrville, TX 78028  
(830) 896-2500  
(830) 792-6167 (fax)

### Region III Director

Nathan Garner  
11942 FM 848  
Tyler, TX 75707  
(903) 566-1626  
(903) 566-3273 (fax)

### District 5 Leader

David Sierra  
11942 FM 848  
Tyler, TX 75707  
(903) 566-1626

### District 6 Leader

Gary Calkins  
1342 South Wheeler  
Jasper, TX 75951  
(409) 384-6894  
(409) 384-7342 (fax)

### Region IV Director

Len Polasek  
715 S. Hwy. 35  
Rockport, TX 78382  
(361) 790-0306  
(361) 729-8940 (fax)

### District 7 Leader

David Forrester  
111 E. Travis, Suite 200  
La Grange, TX 78945  
(979) 968-6591  
(979) 968-3086 (fax)

### District 8 Leader

Joe Herrera  
1607 2nd Street  
Pleasanton, TX 78064  
(830) 569-8700  
(830) 569-6400 (fax)

When calling Fountain Park Plaza, omit the 9
