TRAIL ETIQUETTE

The future of Huntsville State Park and its wildlife are in your hands. Here's how you can help TPWD protect this special place:

- Stay on designated trails to protect yourself, wildlife and vegetation.
- Some trails are designated hiking only. Please respect other trail users and trail designations.
- Federal and State law protects all plants, animals and artifacts. Please leave everything as you found it.
- Recycle appropriate litter and pack out what you pack in.
- Many original Civilian Conservation Corps (CCC) structures still exist at Huntsville State Park. Please observe these protected structures with admiration and respect.

SAFETY

- Know your limits. Prepare for sun and heat. Take plenty of water, snacks and a first aid kit. No water is available on the trails.
- Keep pets on leashes to keep them and others safe, while protecting wildlife.
- Certain trails may be closed during prescribed burns or for other resource management practices. Current conditions and future trail closures are listed at the Park Headquarters.
- Trails may have loose rocks, thorny plants and large tree roots. These natural conditions may be challenging for strollers and wheelchairs.
