

John P. Campbell, P.E., Chairman
AASHTO Highway Subcommittee on
Right of Way and Utilities
Director of Right of Way and Utilities
Texas Department of Transportation
P. O. Box 5075
118 East Riverside Drive
Austin, TX 78763-5075

September 26, 2006

To: 2006AASHTO/FHWA Right of Way Conference Attendees

Dear Ladies and Gentlemen:

The AASHTO Highway Subcommittee on Right of Way and Utilities has prepared the proceedings booklet of the 2006 AASHTO/FHWA Utilities Right of Way Conference in Baltimore, Maryland, April 30-May 4, 2006.

The Subcommittee Annual Conference was attended by 301 participants with 151 from state governmental agencies, 46 attendees from federal governmental agencies, and 104 from the consultant community.

We hope that this proceeding book will prove to be a useful resource for you and your staff who were unable to attend the annual conference. The subcommittee has prepared summaries of the annual proceedings for nine years so that the information could be shared. This edition as well as all previous editions is available on the Subcommittee's website:

<http://cms.transportation.org>

With that intent, please feel free to copy and distribute this booklet (or portions of it) to your staff, as needed.

If this information is valuable to you or if you have suggestions for improvements, please advise me or let your regional subcommittee representative know.

Thank you for your continued support of the AASHTO Highway Subcommittee on Right of Way and Utilities as well as your participation in our annual conference. I would also like to include a special note of thanks to Mr. Chris Larson, former Director of Maryland State Highway Administration Office of Real Estate and Maryland State Highway Administration staff (list provided on the final page) for their extraordinary efforts in organizing and hosting our meeting.

Sincerely,

John P. Campbell, P.E., Chairman
AASHTO Highway Subcommittee on Right of Way Utilities

/CF
