Preparation of this form is mandated by the Texas Insurance Commissioner through the adoption of the "Texas Addendum to the Fire Suppression Rating Schedule." This schedule enumerates specific credit points used in calculating local insurance rates. A minimum of nine (9) drills is needed, one (1) per month for each month having 10 school days or more to achieve full credit for fire drills. If you have questions on fire drills, contact your local fire official.

Information solicited in this form will be combined with that of other schools served by specific fire departments and used to calculate insurance rates for your community. In addition to the enhancement to student safety that comes from holding regular fire exit drills and by providing fire prevention education, the residents in your community may benefit from lower insurance rates. Questions relating to this form may be directed to the State Fire Marshal's Office by E-mail to fire.marshall@tdi.state.tx.us.

Thank you!
