

Notes about Data for District Courts for FY 2006

At the time of publication, there was a 99.2 percent reporting rate overall for the fiscal year.

No reports were received for 2 months from Hays County, for 5 months from Hill County, for 8 months from Live Oak County, and for 10 months from Swisher County.

In addition, at the time of publication,

- Data submitted by Harris County for civil case activity was inaccurate. Most significantly, the number of *Other Cases Added* for the fiscal year under the **All Other Family Law Matters** category was extremely inflated, making the clearance rate for this category, as well as the overall civil case clearance rate, very low.
- District court information reported for Hill County also contained statistics for the county court at law.
