Veterans Education Program Last Texas State Approving Agency for Veterans Education

Connie Jacksits, Director

512-463-3168

As provided in Title 38, Section 3671 of the United States Code (U.S.C.), Governor Rick Perry has designated the Texas Veterans Commission (TVC) as the State Approving Agency for all courses, programs, or tests pursued by veterans and other eligible persons. As a result, the Veterans Education Program is transferring from the Texas Workforce Commission (TWC) to TVC. The effective date of the transfer is October 1, 2006. Moving the Veterans Education Program to TVC will make it easier for Texas veterans by creating one-stop services in the state. With additional resources, there will be increased awareness of benefits and services to veterans. Most importantly, the transfer will increase outreach around the state which will help maximize the number of individuals using the GI Bill.

Killeen

The Central Texas State Veterans Cemetery in Killeen is 174 acres and will be capable of providing approximately 50,000 burial places for veterans, their spouses, and eligible dependent children. Construction will be accomplished in phases, with phase I covering approximately 62 acres, including an information center, administration building, committal shelter, columbarium for approximately 1,100 cremated remains, and an assembly area for ceremonies, as well as approximately 6,500 in-ground burial places. Phase II will be implemented when there is a need for additional burial sites.

Mission

The Mission site is 75 acres and will provide approximately 26,000 burial places. The initial phase of construction in Mission will cover 32 acres and involve approximately 5,000 total interment sites. The Mission site is currently under construction and completion was dedicated November 3, 2006.

Abilene

On September 26, 2004 the Texas State Veterans Cemetery Committee selected Abilene to be the third location for development of a Texas State Veterans Cemetery (TSVC). The initial application for construction grant funding has been approved by the VA. Design of the Abilene veterans' cemetery site began in February 2006. If the construction grant is approved as expected, construction could begin by the fall of 2007 and be completed in 2009.

Corpus Christi

On October 25, 2005, the Texas State Veterans Cemetery Committee selected Corpus Christi to be the fourth location for development of a Texas State Veterans Cemetery.

The VA Medical Center in Waco is unique in that it is the only VA psychiatric hospital in Texas. Because of this, the Waco facility actually accepts eligible patients from every part of the State.

For the purposes of providing inpatient psychiatric service to veterans, the Waco VA Medical Center serves the entire State of Texas. The principal area which is generally considered to be under the jurisdiction of the Waco VA Medical Center is a large portion of some 161 counties stretching across the State. The south boundary is on an east-west line from El Paso County to Newton and Jasper Counties. The north boundary is an east-west line running from Parmer County to Childress County.

The Waco Medical Center suggests that in most cases the Service Officer, the veteran, or his private doctor should contact the VA clinic or medical center nearest to the veteran's residence. If such a contact is made when a veteran is in need of psychiatric hospital care, assistance will be given in obtaining a bed in the Waco VAMC or other facility which is equipped to provide the needed services to mentally ill veterans.

The VA Outpatient Service, a part of the Waco VA Medical Center, provides outpatient medical services to eligible veterans residing within the following 34 Central Texas counties:

Anderson	Coryell	McLennan
Bastrop	Erath	Madison
Bell	Falls	Milam
Bosque	Fayette	Mills
Brazos	Freestone	Navarro
Brown	Hamilton	Robertson

Current information from VA indicates that the VA Medical Center in Albuquerque is not the prime service facility for any Texas counties. The fact remains, however, that the facility is the nearest VA Medical Center to several West Texas counties. Veterans residing in the far West Texas counties, when in need of hospital care, should contact or make application with the nearest VA outpatient clinic. If such action is appropriate under currently existing regulations, the VA clinic will refer the application to the Albuquerque VAMC or to the nearest VA facility able to handle the case. An alternative would be, in the case of a veteran needing emergent or emergency care, for the private physician to call the Admission Doctor at Albuquerque VAMC and request admission, telephone 265-1711, extension 2234 or 2239.

Even though the Albuquerque facility has no Texas counties actually assigned to it, many Texas veterans seek medical care there as it is the nearest VA medical center to their place of residence.

The Lawton Outpatient Clinic (Lawton OPC), established on September 1, 1988, is a satellite clinic of the Oklahoma City VA Medical Center (OKC VAMC) and serves veterans in southwest Oklahoma and north central Texas. The Primary Service Area consists of eleven counties in southwest Oklahoma and the Texas counties of Wichita and Wilbarger. The veterans' population base for this area is more than 55,000. Presently, the Lawton OPC provides 20,000-23,000 outpatient visits each year and follows approximately 5,000 unique patients. The clinic moved into a new 28,000 sq. ft. facility in May 1995, doubling their square footage. The new facility is located directly west of the Reynolds Army Community Hospital. The Dallas VAMC continues to coordinate fee basis services, although the Oklahoma City VAMC has jurisdiction over fee services in the two Texas Counties.

The Clinic provides general medicine, psychiatry, group and individual social work, nutrition and food support, dietetics, patient education and vocational rehabilitation. The majority of the veterans present for scheduled appointments, but the clinic does offer a minor care clinic for veterans seeking treatment without an appointment. After the relocation, the clinic increased its services by adding a pharmacy and laboratory. Patients requiring the services for specialty care are referred to the OKC VAMC and patients requiring hospital admission, and are stable for transport, are transported by ambulance to the OKC VAMC. With the recent relocation and expansion, the goal of the facility will be to increase the services offered at the Lawton OPC and decrease the number of patients being referred to the OKC VAMC. This will be for services offered at the Lawton OPC and through VA/DOD sharing agreements established with Reynolds Army Community Hospital.

For many years, VA maintained a general medical and surgical hospital in McKinney, Texas. In 1965, the McKinney facility was closed and services to veterans in the vicinity were reassigned to other hospitals. At that time, the Texas counties of Wichita and Wilbarger were assigned to the VA Hospital in Oklahoma City, Oklahoma, for service. Since that time, the Oklahoma City Medical Center has continued to provide medical services to eligible veterans residing in those two Texas counties.

The Dallas VAMC continues to coordinate fee basis services, although the Oklahoma VAMC has jurisdiction over fee services in the two Texas Counties.
