

**JCIT STANDARD
ELECTRONIC FILING DOCUMENT FORMATS
Adopted June 28, 2002**

The Judicial Committee on Information Technology (JCIT) establishes the following electronic filing document standards. To meet the JCIT standards, the electronic filing process will support each of the listed document formats.

The JCIT recommends courts and clerks adopt the .tiff format for scanned or faxed images plus at least one searchable format from the listed document standards for their electronic filing requirements.

- .doc (Microsoft Word)
- .wpd (Corel WordPerfect)
- .rtf (rich text format; numerous word processors)
- .pdf (portable document format; Adobe Acrobat)
- .txt (ASCII format)
- .html (hypertext markup language; browser-based)
