a.) A complete system price shall not exceed \$1,500.00 for a desktop/laptop system. Please submit justification when the purchase cost for a system exceeds these limits.

b.) When contractor budgets are prepared to purchase computer equipment, complete computer equipment specifications, including printers, must be submitted to DSHS.

c.) Vendors who assemble systems with generic (clone) computer parts or upgrade components must complete and submit the attached vendor certification to the quote and equipment specifications the vendor presents to the DSHS contractor. The vendor's certification must be submitted to DSHS along with the contractor's budget to purchase computer equipment.

d.) Due to market volatility, the pricing of computer equipment or peripherals may fluctuate greatly within weeks. The DSHS considers vendor quotations issued greater than 30 days from the current date to be expired or non-current. A DSHS contractor should submit current vendor specifications and quotations to the DSHS with their requests to purchase equipment.
