

## REPORTABLE LIST

This listing provides documentation of all conditions the TCR considers reportable. Note the following changes:

Reportable conditions from both the *International Classification of Diseases for Oncology, Second Edition (ICD-O-2)* and the *Third Edition (ICD-O-3)* are included in the listing.

Newly reportable conditions and terms with behavior changed from /1 (borderline) in *ICD-O-2* to /3 (malignant) in *ICD-O-3* are identified in **bold print**. These conditions are reportable only when diagnosed on or after January 1, 2001.

Several terms changed behavior from /3 (malignant) in *ICD-O-2* to /1 (borderline) in *ICD-O-3*.

These conditions are reportable only when diagnosed prior to January 1, 2001, and are identified in *[brackets and italics]*.

New terms and synonyms for existing ICD-O codes were added.
