## TWDB Programs

Information is the key to unlocking life's locked doors, and I would like to make some of those doors more accessible to you.

This is my personal invitation—call us and find out what we can do for you. This brochure lists many of the areas in which TWDB staff can help you find the answers you need. Our staff can offer assistance in a variety of areas, ranging from education and conservation programs for schools and civic organizations to grants and loans for economically distressed areas to technical and financial assistance in solving your water-related problems.

Take this opportunity to look over some of the things we do—then call us. We're here from 8:00 a.m. to 5:00 p.m., Monday through Friday, and we want to help you find the answers you need. And, if you don't see a particular item of interest listed, please call our main number, 512/463-7847, and we will connect you with the right people.

Sincerely,

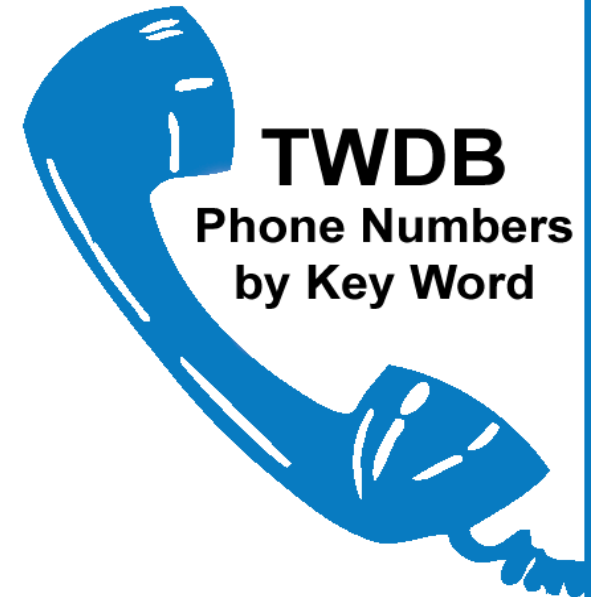

Kevin Ward  
Executive Administrator  
Texas Water Development Board

Regional Water Planning Groups

# WATER
