1.2 Register Your Organization: Obtaining a DUNS Number

In order to register with the Central Contractor Registry (CCR), a requirement for registering with Grants.gov, your organization will need a Data Universal Number System (DUNS) number. A DUNS number is a unique nine-character identification number provided by the commercial company [Dun & Bradstreet \(D&B\)](#). Once you have completed the registration, your DUNS number should be available the next business day.

Have the following information prepared when requesting a DUNS number:

- Name of the CEO/organization owner
- Legal structure of the organization (corporation, partnership, proprietorship)
- Year the organization started

Note: As a result of obtaining a DUNS number, you have the option to be included on D&B's marketing list that is sold to other companies. If you do not want your name/organization included on this marketing list, request not to be listed when you contact D&B.

You can find further online instructions under, For Applicants >> Get Registered >> Step 1: Obtain DUNS Number.

1.3 Register Your Organization: Registering with CCR

The Central Contractor Registry (CCR) is a government-wide registry for vendors doing business with the federal government. The CCR centralizes information about grant recipients and also provides a central location for grant recipients to change organizational information. Grants.gov uses the CCR to establish roles and IDs for electronic grant applicants.

Tips for registering with CCR

1. Information for registering with the CCR and online documents can be found at <http://www.ccr.gov/>.
2. Before registering, applicants and recipients should review the Central Contractor Registration Handbook at <http://www.ccr.gov/handbook.asp>.

You can find further online instructions under, For Applicants >> Get Registered >> Step 2: Register with CCR.

The screenshot shows the Grants.gov website interface. The top navigation bar includes the Grants.gov logo, search, contact, site map, help, RSS, and home links. The 'Organization Registration' section is expanded, showing a list of steps from 'STEP 1: Obtain DUNS Number' to 'STEP 6: Track AOR Status'. 'STEP 2: Register with CCR' is selected and highlighted. The main content area displays the title 'STEP 2: REGISTER WITH CCR' and a breadcrumb trail: 'Home > For Applicants > Get Registered > Organization Registration >'. Below the title is a progress indicator for steps 1 through 6. The main text asks if the organization is registered with the CCR and provides instructions for new registrants, including a phone number (1-888-227-2423) and the website URL (<http://www.ccr.gov>). A search bar labeled 'Search CCR' is also present. The right sidebar features a newsletter sign-up and quick links for applicants and grantors.

Instructions for Registering with CCR

If your organization has the necessary information ready, online registration will take about 30 minutes to complete, depending upon the size and complexity of your organization. If the organization completes the CCR registration process by 6:00 PM EST and passes the IRS Tax Identification validation, the organizational representatives will be able to begin their registration process the very next business day. Once your CCR registration becomes active, you will be able to register with the Credential Provider.

The second notice contains your confidential Trading Partner Identification Number (TPIN). Receipt of your TPIN not only confirms that you are successfully registered in CCR, it is your confidential password, to change your CCR information.

Once the CCR Registration is complete, your organization is finished registering. Now you must register with Grants.gov to establish yourself as an Authorized Organization Representative (AOR), an individual authorized to submit grant applications for your organization.

There are two elements required to complete this step – obtaining a username and password from the Grants.gov Credential Provider and then registering with Grants.gov. Both of these elements must be completed before receiving authorization by your organization.

1.5 Register Your Organization: Obtain Username and Password

In order to safeguard the security of your electronic information, Grants.gov utilizes E-Authentication – the federal program that ensures secure transactions. E-Authentication defines the level of trust or trustworthiness of the parties involved in a transaction through the use of Credential Providers. It is the process of determining with certainty that someone really is who he/she claims to be. Grants.gov uses Operational Research Consultants (ORC) as its Credential Provider.

Tips for registering with the Credential Provider

1. Your **CCR registration must be complete** and active before you can register with the Credential Provider.
2. Once you have completed the online CCR Registration, it will take up to 72 hours before your CCR Registration becomes active. If you are updating or renewing your registration information it will take approximately 24 hours to become active.
3. Once you are registered with the Credential Provider, you will create a username and password. You will use this username and password for your registration at Grants.gov. This username and password is used to submit your application package to the appropriate government agency safely and securely through Grants.gov.

1.7 Register Your Organization: AOR Authorization

Authorize Your AORs

Prior to submitting grant application packages, representatives of your organization need to register to submit on behalf of your organization. Your organization's E-Business Point of Contact (E-Biz POC), identified during CCR Registration, and must authorize someone to become an Authorized Organization Representative (AOR). This safeguards your organization from individuals who may attempt to submit grant application packages without permission.

Note: In some organizations, a person may serve as both an E-Biz POC and an AOR.

After an AOR registers with Grants.gov, the E-Biz POC will have to approve the request. The E-Biz POC will approve the request after the AOR has completed the following two steps:

1. AORs Register with the Credential Provider (ORC)
2. AORs Register with Grants.gov

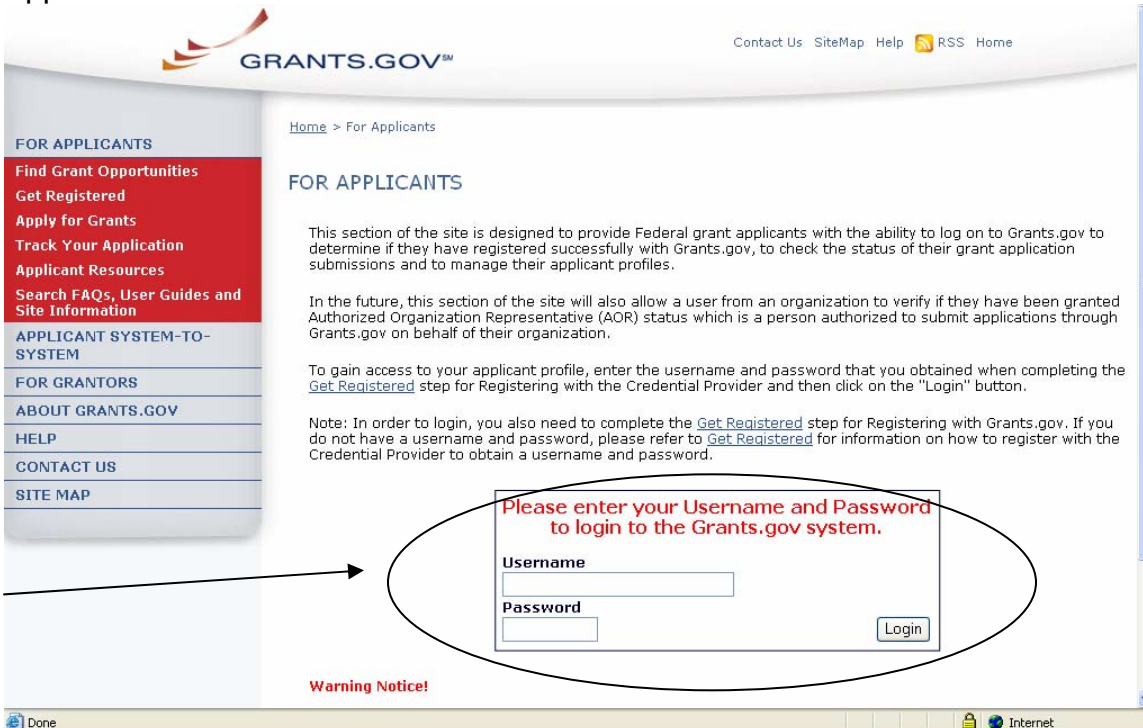

After the AOR has submitted their request, the E-Biz POC will complete the fifth step in this process as depicted on the page.

The screenshot shows the Grants.gov website interface. At the top, the Grants.gov logo is on the left, and navigation links (Search, Contact Us, Site Map, Help, RSS, Home) are on the right. The main content area is titled "STEP 5: AUTHORIZE THE AOR" and includes a breadcrumb trail: Home » For Applicants » Get Registered » Organization Registration ». Below the title, there are links for STEP 1 through STEP 6. The main text asks: "HAS THE E-BUSINESS POINT OF CONTACT (E-BIZ POC) APPROVED AORS TO SUBMIT APPLICATIONS ON BEHALF OF THE ORGANIZATION?" and explains that when an AOR registers, the E-Biz POC receives an email notification. It then states: "Your E-Biz POC must then login to Grants.gov (using the organization's DUNS number for the username and the 'M-PIN' password obtained in Step 2) and approve the AOR, thereby giving him or her permission to submit applications." Below this, it says: "When an E-Biz POC approves an AOR, Grants.gov will send the AOR a confirmation email." A box contains the "E-Biz POC Login" URL: <https://apply07.grants.gov/apply/AorMgrGetID>. There is also a link for "E-Business Point of Contact Checklist". At the bottom, it defines the "PURPOSE OF THIS STEP:" as allowing the E-Biz POC to approve AORs and authorizes specific staff members to submit grants. It also defines "HOW LONG SHOULD IT TAKE?:" as depending on how long it takes the E-Biz POC to login and approve the AOR. The left sidebar contains navigation links for "FOR APPLICANTS" (Find Grant Opportunities, Get Registered, Organization Registration, Individual Registration, Apply for Grants, Track Your Application, Applicant Resources) and "FOR GRANTORS" (About Grants.gov, Help, Contact Us, Site Map). The right sidebar includes a newsletter sign-up and "Quick Links" for both applicants and grantors.

Applicants also have the ability to login and check their AOR status by logging in as an applicant. To login as an Applicant click the **Applicant Login** link on the Quick Links in the right blue navigation bar on the Grants.gov page.

E-Business Point of Contact Registration Checklist

Grants.gov safeguards an organization from individuals who may attempt to submit grant application packages without permission by providing the organizations with the capability of having an E-Business Point of Contact (E-Biz POC). The E-Biz POC determines who is allowed to submit grant application packages via Grants.gov on behalf of an organization. The following checklist provides registration guidance for the E-Biz POC during the registration process. The registration process can take **one to three** days depending on your organization.

Note: If you are a grant applicant, who is submitting a grant application on your own behalf and not on behalf of a company, academic or research institution, state, local or tribal government, not-for-profit, or other type of organization, refer to the **Individual Registration Checklist**: <http://www.grants.gov/assets/IndividualReqCheck.pdf>. In order to apply for a grant, you and/or your organization must complete the Grants.gov registration process.

The registration process for an Organization or an Individual can take between three to five business days or as long as two weeks if all steps are not completed in a timely manner. So please register early!

This registration process has been mandated by the Grants Executive Board (GEB) which is the governing body of Grants.gov. The GEB determined the registration process needed to be completed prior to the submission of a grant application.

***Please Note:** If you register as an Organization, you will not be allowed to use the Grants.gov username and password issued for your Organization to apply for grants as an Individual. To apply for grants as an Individual you must register as an Individual and use that specific username and password issued during the Individual registration process.

Please choose one of the options below:

Individual Registration Checklist

The following checklist provides registration guidance for an individual grant applicant who is planning to submit a grant on his or her own behalf, and not on behalf of a company, academic or research institution, state, local or tribal government, or other type of organization. The registration process is a **one-time** process, which is **required** before an individual can submit grant application packages electronically through Grants.gov. The registration process can take **up to a day** to complete.

Note: If you are a grant applicant, who is submitting a grant application on behalf of a company academic or research institution, state, local or tribal government, or other type of organization, refer to the <http://www.grants.gov/assets/OrganizationReqCheck.pdf>. If you apply as an individual to a grant application package designated for organizations, your application will be rejected.

2.2 Register as an Individual: Username and Password

In order to safeguard the security of your electronic information, Grants.gov utilizes E-Authentication – the federal program that ensures secure transactions. E-Authentication defines the level of trust or trustworthiness of the parties involved in a transaction through the use of Credential Providers. It is the process of determining with certainty that someone really is who he/she claims to be. Grants.gov is using Operational Research Consultants (ORC) as its Credential Provider. Individuals do not need a DUNS number to register to submit applications. The system will generate a default value in that field. **Note:** In order to register as an Individual you will need to obtain the Funding Opportunity number for a grant application that you intend to apply for. Please be sure it is an opportunity that is only applicable for individuals.

RSS Feeds

RSS stands for Really Simple Syndication. Grants.gov now provides two RSS feeds for new/modified opportunities. This is an alternative way to receive updates on opportunity listings, rather than receiving through email.

In order to receive an RSS feed you must have an RSS reader. Some browsers, such as the current versions of Firefox and Safari have built in RSS readers. If you are using a browser that doesn't currently support RSS, there are a variety of [RSS readers](#) available on the Internet; most are free to download while others are available for purchase.

How do I use RSS Feeds?

The way an RSS feed is added to an RSS reader is slightly different from one reader to the next. Follow the directions below to add a new feed (a feed is also referred to as a channel) to your RSS reader:

1. Choose an RSS reader (Get an [RSS Reader](#))
2. Click on the link or small RSS button near the feed you want. For example, "[New/Modified Opportunities by Agency](#)" (You will see a page displaying XML code)
3. From your web browser's address bar, copy the URL (web address). For example, the URL you would copy for "New/Modified Opportunities by Agency" is: http://www07.grants.gov/rss/GG_OppModByCategory.xml.
4. Paste that URL into the "Add New Channel" section of the reader. The RSS feed will start to display and regularly update the headlines for you.
5. Read more information on using RSS Feeds on Grants.gov: [Using RSS Feeds](#)

The screenshot shows a web browser window displaying a form. At the top, a purple banner reads "Please fill out the following form. You can save data typed into this form." FOR APPLICANTS

Welcome to the Applicants section!

You have successfully registered with Grants.gov. You can now use this section of the site to manage your applicant profile and to check the status of your applications.

[Check Application Status](#)

Once you have submitted an application, you can check the status of your application submission in this section. You can identify your application by CFDA Number, Funding Opportunity Number, Competition ID, and/or Grants.gov Tracking Number. The following status information is provided:

- Date/Time: The date and time Grants.gov received your application.
- Status: Application statuses include the following:
 - Received: Grants.gov has received the application, but the application is awaiting validation.
 - Validated: Grants.gov validated the application and it is available for the agency to download.
 - Received by Agency: The agency has confirmed receipt of the application package.
 - Agency Tracking Number Assigned: The agency has assigned an internal tracking number to your application. This is the last status that Grants.gov tracks. Updates beyond this must be checked with the agency directly. Note: All agencies do not assign tracking numbers. If you do not see an agency tracking number, this does not infer that the agency did not receive or process your application. The assignment of tracking numbers is based on the policy of a particular agency.
 - Rejected with Errors: Grants.gov was unable to process your application because of an error(s) and cannot accept the application until you correct the errors and successfully resubmit the application. You will receive email notification with information on how to address the error(s). Refer to [Application Error Tips](#) for information on how to address common application errors.
