FERC To Examine Electricity Costs

The Federal Energy Regulatory Commission (FERC) tomorrow will examine what is behind rising electricity costs during a staff presentation at the start of its monthly open meeting.

Time: 10 a.m. Thursday, June 19, 2008

Place: FERC Headquarters
888 First St. NE
Washington, D.C. 20426
Second Floor, Commission Meeting Room

The discussion will take place at the beginning of the meeting.

Please try to arrive no later than 9:45 a.m. The Commission Meeting Room is on the second floor of the building. Go through security at the First Street entrance, then up the escalator.
