This letter is to notify you of the cancellation of the Title V permit for the facility cited above. This facility was issued a renewal Title V permit on October 30, 2003. Gaylord Container was a major source of regulated air pollutants. Since the facility was shut down on February 14, 2006 and no longer requires permits to operate from the District, we are canceling the existing Title V permit.

MARIN COUNTY
Harold C. Brown, Jr.

The cancellation is effective as of the date of this letter.

Brad Wagenknecht

The District will also notify the California Air Resources Board and the facility in writing that the permit has been cancelled.
