The District has made a preliminary decision to issue the Major Facility Review Permit, but the final decision on the permit issuance will consider public and EPA comments on this permit. The notice inviting written public comments will be published in the Press Democrat. The final date for comments is February 20, 2007.

The Title V permit for this facility was originally issued on February 27, 2001 and has since undergone two Significant Permit Revisions (issued on March 29, 2004 and October 3, 2005) and one Minor Permit Revision (issued on May 18, 2006). All changes to the most recent version of the permit are clearly shown in strikeout/underline format.

Enclosed for your information are copies of the proposed permit, the evaluation report/statement of basis, and the compliance report. If you have any questions regarding this project, please call Dennis T. Jang, Senior Air Quality Engineer, at (415) 749-4707.

Very truly yours,

Jack P. Broadbent
