The requirements for public and EPA review of the proposed significant revisions to a Major Facility Review Permit for the facility identified above have been completed. No comments on this proposed significant revision were received from EPA, the public, or the facility.

SONOMA COUNTY
Tim Smith
Pamela Torliatt

The District has made the following additional administrative revisions to the proposed permit. The specific changes are shown in strikeout and underline format in Attachment 1.

Jack P. Broadbent
EXECUTIVE OFFICER/APCO

- Updated standard text in Section I.B.1 and Section III.
- Added these changes to the Section X Revision History.

Attachment 1 also shows the dates that were inserted into Sections I.B.1, I.F, and I.G when the permit was initially issued on February 5, 2004. The proposal for the significant revision inadvertently omitted these dates.

The District has decided to issue the revised permit.

Enclosed for your information is a copy of the final permit. If you have any questions regarding this permit, please call Steve A Hill, Air Quality Engineering Manager, at (415) 749-4673.

Sincerely yours,

Jack P. Broadbent
Executive Officer / APCO

III. Generally Applicable Requirements

The permit holder shall comply with all applicable requirements, including those specified in the BAAQMD and SIP rules and regulations and other federal requirements cited below. These requirements apply in a general manner to the facility and/or to sources exempt from the requirement to obtain a District Permit to Operate. The District has determined that these requirements will not be violated under normal, routine operations, and that no additional periodic monitoring or reporting to demonstrate compliance is warranted. In cases where a requirement, in addition to being generally applicable, is also specifically applicable to one or more sources, the requirement and the source are also included in Section IV, Source-Specific Applicable Requirements, of this permit. This section also contains provisions that may apply to temporary sources.
