

MICHELLE NUNN
USA Freedom Corps – Volunteering PSA

(:60)

My name is Michelle Nunn. I'm the CEO of the Hands On Network. Each year, millions of people in America volunteer their time to make life better for those in their communities. Family, friends, and even groups of strangers can band together to accomplish amazing results.

Here's an example. A few years ago in Atlanta, volunteers from our network learned of a family that was housebound due to chronic illness. Those volunteers recruited 12 others to help, and in just one day, the team built the family a wheelchair ramp.

When the three family members left their home unaided for the first time in years, you could truly appreciate the effect those volunteers had on their neighbors.
