Map Section

Elliott State Forest Vicinity Map
Elliott State Forest Scattered Tracts
Elliott State Forest Ownership
Some of Coos County's Major Forest Fires
Elliott State Forest Management Basins
Elliott State Forest Conservation Areas

Chapters

Executive Summary

Chapter 1: Purpose, History, and Planning	ES-2
Chapter 2: Understanding the Forest – Planning and Resources.....	ES-5
Chapter 3: Guiding Principles, Vision, and Goals.....	ES-10
Chapter 4: Resource Management Concepts	ES-12
Chapter 5: Resource Management Strategies	ES-14
Chapter 6: Implementation	ES-20
Appendices.....	ES-23

Chapter 1. Purpose, History, and Planning

Location	1-2
History of the Elliott State Forest	1-3
Planning for State Forests	1-7

Chapter 2. Understanding the Forest: Planning and Resources

Elliott State Forest Planning Process	2-3
Introduction to Resources	2-9
Agriculture and Grazing	2-10
Air Quality	2-11
Aquatic and Riparian Systems	2-13
Climate.....	2-19
Cultural Resources	2-20
Ecology and Disturbance History	2-22
Energy and Minerals	2-27
Fish and Wildlife.....	2-28

Forest Health.....	2-35
Geology, Topography, Soils, and Geotechnical Issues	2-42
Land Base and Access	2-47
Plants.....	2-56
Recreation	2-59
Scenic Resources	2-62
Social and Economic Resources	2-63
Special Forest Products.....	2-67
Timber.....	2-68

Chapter 3. Guiding Principles, Vision, and Goals

Guiding Principles	3-2
The Forest Vision	3-8
Resource Management Goals	3-11
Agriculture and Grazing.....	3-11
Air Quality	3-11
Aquatic and Riparian Systems	3-11
Cultural Resources	3-12
Energy and Minerals	3-12
Fish and Wildlife	3-12
Forest Condition (Health and Ecology)	3-13
Land Base and Access	3-13
Plants	3-13
Recreation and Scenic Resources	3-13
Social and Economic Resources	3-14
Soils	3-14
Special Forest Products	3-15
Timber	3-15
Working Hypotheses	3-16

Chapter 4. Resource Management Concepts

Introduction	4-3
Basic Concepts for Managing the Elliott State Forest	4-5
Basic Concepts for Sustainable Economic and Social Benefit	4-7
Concept 1: Legal Mandates and Trust Obligations	4-8
Concept 2: Predictable and Dependable Products and Revenues.....	4-10
Concept 3: Social Benefit through Forest Management	4-11
Basic Concepts for Sustainable Forest Ecosystem Management	4-12
Concept 1: Recognize the Importance of Forest Disturbance Regimes and Stand Development Processes	4-15
Concept 2: Provide for Biological Diversity at the Landscape Level	4-27
Concept 3: Provide Biological Diversity at the Stand Level	4-30
Concept 4: Provide for a Diverse and Healthy Forest Ecosystem Through the Principles of Integrated Pest Management	4-33
Concept 5: Maintain and Enhance Properly Functioning Aquatic Systems	4-35
Basic Concepts for Integrated Resource Management	4-45

Concept 1: Combine Landscape-Level Approach with Site-Specific Strategies for Other Resource Values.....	4-46
---	------

Chapter 5. Resource Management Strategies

Strategies for Managing the Elliott State Forest.....	5-3
Strategies for Sustainable Economic and Social Benefit.....	5-4
Strategy 1: Meet Legal Mandates and Trust Obligations	5-5
Strategy 2: Provide Predictable and Dependable Products and Revenues	5-6
Strategy 3: Provide Social Benefits and Values Through Forest Management	5-7
Strategies to Plan for Long-Term Forest Productivity Using Principles of Sustainable Forest Ecosystem Management	5-8
Strategy 1: Actively Manage the Elliott State Forest for a Diversity of Stand Structures Across the Landscape	5-10
Strategy 2: Establish Conservation Areas to Protect Special Resources.....	5-15
Strategy 3: Design a Functional Arrangement of Stand Structures.....	5-18
Strategy 4: Actively Manage to Provide Key Legacy Structural Components Outside of Conservation Areas	5-20
Strategy 5: Actively Manage for a Diverse and Healthy Ecosystem Applying the Principles of Integrated Pest Management	5-24
Strategy 6: Manage Aquatic and Riparian Systems	5-27
Strategies to Integrate Resource Management Across the Elliott State Forest	5-47
Agricultural and Grazing Resources.....	5-47
Air Quality	5-48
Cultural Resources.....	5-49
Energy and Minerals.....	5-52
Fish and Wildlife.....	5-53
Land Base and Access	5-54
Plants.....	5-56
Recreation	5-57
Scenic Resources	5-58
Soils	5-58
Special Forest Products.....	5-59

Chapter 6. Implementation

Implementation Guidelines	6-2
Asset Management Guidelines	6-7
Adaptive Forest Resource Management	6-11
Basic Concepts for Adaptive Management	6-11
Strategies for Implementing Adaptive Management	6-19
Public Involvement in Implementation	6-31

Appendices

- A. Glossary
- B. References
- C. Sustainable Forest Ecosystem Management Strategy Information
- D. Legal and Policy Mandates
- E. Wildlife and Fish Species Lists
- F. Wildlife Information
- G. Public Involvement
- H. Decadal Analysis of Management Scenarios

Tables

ES-1. Landscape Design: Percent of the Elliott State Forest Allocated to Different Stand Structures	ES-15
2-1. Listed Fish and Wildlife Species and Species of Concern on or near the Elliott State Forest	2-28
2-2. Elliott State Forest Management Basins	2-52
2-3. Statewide Recreation Use Trends	2-60
2-4. Summary of Conifer Age Classes	2-71
5-1. Landscape Design: Percent of the Elliott State Forest Allocated to Different Stand Structures	5-11
5-2. Management Standards for Type F Stream RMAs	5-30
5-3. Management Standards for Type N Stream RMAs	5-31-33
5-4. Management Prescriptions for Lakes, Ponds, and Wetlands	5-42
5-5. Management Prescriptions for Bogs, Seeps, and Springs	5-43
5-6. Cultural Resource Classes and Objectives	5-50-51
6-1. Assessing the Need for Change	6-20-21
6-2. Decision-Makers for the Four Planning Levels	6-22
C-2. Matrix of Planning Decisions Appropriate at Various Scales of Landscape Planning	C-8
F-1. Marbled murrelet habitat characteristics (mean) at the limb, tree, and plot level on the Elliott State Forest, 1995-1999	F-6
G-1. Chronological History of Public Involvement	G-3-5
H-1. Summary of Elliott Outputs	H-5-7

Figures

ES-1.	Five Elements of Planning for Oregon State Forests.....	ES-4
1-1.	Five Elements of Planning for Oregon State Forests.....	1-7
2-1.	Elliott State Forest Land Ownership.....	2-47
2-2.	Management Organization.....	2-48
2-3.	Management Basins on the Elliott State Forest.....	2-53
2-4.	Conifer Age Classes on the Elliott State Forest.....	2-71
4-1.	State Forest Plans and Policies: Planning Hierarchy and Key Products	4-4
5-1.	Conservation Areas on the Elliott State Forest (Excluding Riparian Areas).....	5-13
6-1.	The Six Steps of Adaptive Management	6-13
C-1.	Change in Patch Characteristics at Different Scales.....	C-3
