

Postdoctoral Research Associates in MPI-I/O

National Center for Computational Sciences Oak Ridge National Laboratory Oak Ridge, Tennessee

ORNL08-61-NCCS

Project Description:

The [Technology Integration Group](#) at the National Center for Computational Sciences ([NCCS](#)) is looking for a Postdoctoral Research Associate to work in the area of Parallel I/O, and general run-time issues.

Qualifications:

To be considered for this position, applicants need to have completed a Ph.D. degree, and have experience developing middle-ware for parallel distributed systems. The person should be experienced with C, C++, or Fortran90, shell scripting languages, and willing to work in a team environment, and collaborate with external partners.

How to Apply:

Qualified applicants may apply online at https://www2.ornl.gov/ORNL_POST/. All applicants will need to register before they can begin the online application. For complete instructions, on how to apply, please see the instructions at <http://www.ornl.gov/orise/edu/ornl/ornl-pdpm/application.htm>. When applying for this position, please reference the position title and number.

This appointment is offered through the ORNL Postgraduate Research Participation Program and is administered by the Oak Ridge Institute for Science and Education (ORISE). The program is open to all qualified U.S. and non-U.S. citizens without regard to race, color, age, religion, sex, national origin, physical or mental disability, or status as a Vietnam-era veteran or disabled veteran.
