

United States Department of Agriculture
Animal and Plant Health Inspection Service

Can you...

- Write clear, accurate, and effective documents and adapt to different writing styles?
- Communicate orally with a variety of different audiences and get your message across?
- Translate complex scientific information and jargon into clear English?
- Analyze complex information and develop appropriate conclusions?
- Adapt to new and emerging issues and work requirements?
- Operate independently and use your skills to solve problems?
- Think strategically and project the outcome of different courses of action?
- Work effectively under deadlines?
- Build productive relationships with customers and colleagues?

Would you...

- Enjoy a fast-paced environment?
- Value a diverse workplace?

Do you...

- Seek opportunities to grow and embrace new challenges?
- Hope to contribute to an organization that serves the public good?
- Want to join a team of talented communications professionals?

If you answered yes to many or all of these questions, we'd like to hear from you!
