

# GEOTHERMAL TECHNOLOGIES

*Subject Portal*

[www.osti.gov/geothermal](http://www.osti.gov/geothermal)

**Search**

*The Geothermal Technology Subject Portal*

**Find**

*Current and legacy DOE-sponsored full-text documents*

***The most complete and valuable source of DOE-sponsored geothermal information at your fingertips!***

**Search**

*Multiple databases*

Geothermal Collection (DOE)  
Energy Information Administration  
Environmental Protection Agency  
E-print Network (DOE)  
National Technical Information Service

Geothermal Legacy Collection (DOE)  
National Renewable Energy Laboratory Publications  
U.S. Patent and Trademark Office  
Scientific and Technical Information Network

**Find**

*Important technical and programmatic geothermal citations and reports*

***Stay better informed of developments in geothermal technology ... gain insights from studies in the field since the 1970's***

**Download**

*Printable full-text documents from resources including*

-  Department of Energy and its national laboratories
-  Industry within the United States
-  Internationally published journal citations
-  Patents for geothermal products and technologies

***Discover thousands of documents in this growing collection***

-  Use single-query searching of full text
-  Quickly retrieve citations and reports using Basic Search
-  Refine using Advanced Search
-  Sort and organize search results

***Serving the needs of the casual browser and scientific researcher alike***

The Geothermal Technologies Subject Portal is sponsored by the Geothermal Technologies Program, DOE Energy Efficiency and Renewable Energy (EERE), and is developed and maintained by the DOE Office of Scientific and Technical Information (OSTI).
