**110.1 How does the President propose changes in the budget in between his annual transmittals of the budget?**

After the President's budget has been transmitted to the Congress, the President proposes changes in the budget by transmitting appropriations requests to revise the original budget request for the current year (supplemental) or budget year (amendment), including proposed appropriations language for legislative initiatives (e.g., items included in the budget as legislative proposals).

All proposed revisions must conform to the policies of the President. The requests may be for additional amounts or proposed changes in appropriations language that do not affect amounts previously requested, such as technical corrections or changes in a limitation on the use of trust funds. These requests may be either supplementals or amendments, depending upon when they are transmitted (see section [110.2](#)). For instructions on supplementals that will be transmitted with the budget, see section [82.10](#).

If Congress has not completed action on your appropriation bill for the current year before the President transmits his request for the budget year, OMB will issue guidance on the presentation of any amendments to the President's current year request.

You should make every effort to postpone actions that require supplemental appropriations. However, submit proposals that decrease or eliminate amounts whenever such changes are warranted. When requesting supplementals and amendments that increase the amounts contained in the budget, provide proposals for reductions elsewhere in the agency (e.g., cancellations of budget authority or rescission proposals).

OMB will only consider requests for supplementals and amendments, including proposed changes in administrative expense limitations or authorizations of government corporations and trust funds, when:

- Existing law requires payments within the fiscal year (e.g., pensions and entitlements);
- An unforeseen emergency situation occurs (e.g., natural disaster requiring expenditures for the preservation of life or property);
- New legislation enacted after the submission of the annual budget requires additional funds within the fiscal year;

- Increased workload is uncontrollable except by statutory change; or
- Liability accrues under the law and it is in the Government's interest to liquidate the liability as soon as possible (e.g., claims on which interest is payable).

It generally takes a minimum of three weeks for OMB and the White House to consider agency proposals for supplementals or amendments that are not transmitted in the annual budget. Allow for this timing when making requests.

Note.—Supplementals and amendments transmitted with the budget are discussed in section [82.10](#).

## 110.2 What are supplementals and amendments?

**Supplementals** are appropriations requests that are transmitted after completion of action on an annual appropriations bill by the Appropriations Committees of both Houses. They may be transmitted prior to, with, or subsequent to transmittal of the succeeding annual budget document. Supplemental requests that are known at the time the budget is prepared are normally transmitted to Congress with the budget, rather than later as separate transmittals. However, each case will be decided separately. OMB representatives will inform you which supplementals will be transmitted with the budget so you can submit the necessary information. These supplementals may be:

- *New supplementals*, requesting additional amounts not previously anticipated; or
- *Language only supplementals*, requesting changes in appropriations language that do not affect amounts previously appropriated.

**Amendments** are proposed actions that revise the President's budget request and are transmitted prior to completion of action on the budget request by the Appropriations Committees of both Houses of Congress. This includes appropriations language for activities authorized since transmittal of the President's budget that were included in the budget as a legislative proposal.

## 110.3 What do I need to send to OMB?

You need to submit the following materials in both hard copy and electronic versions. Also, you should be prepared to revise the material, as appropriate, to reflect Presidential decisions.

(a) *Appropriations language*. (See section [96](#) for a more detailed explanation of appropriations language requirements.)

(1) *Supplementals*. Prepare language for supplemental requests, including emergency requests as defined in the Balanced Budget and Emergency Deficit Control Act of 1985, as amended, in the format of exhibit [110A](#).

(2) *Amendments*. Prepare language for budget amendments in the format of exhibit [110B](#). Use the language proposed for the budget year in the President's budget, not the current year appropriation as the base (i.e., make changes to the budget year proposed language).

(b) *Justification*.

Prepare a justification in accordance with applicable requirements of section [51](#). It should also include:

- The reason why additional funds are required in the fiscal year requested, identifying specifically which of the circumstances described in section [110.1](#) applies;
- An explanation of proposed language provisions, if necessary; and
- Pertinent data concerning the effect on Federal civilian employment.

For *supplemental requests* only, include the following:

- The date when requested funds are needed for obligation;
- A statement of actual and estimated obligations for the year, prepared on a quarterly basis; and
- A statement of actual obligations by month, for the previous three months.

(c) *Explanation of request.*

Provide a short explanation, including the effect of the request on outlays. This explanation should be suitable for transmittal to Congress as part of the President's proposal. If appropriate, the explanation may be a synopsis of the major points that appear in the justification.

(d) *Budget schedules and receipts data.*

Prepare and submit the following information, where the proposal affects the distribution of budget authority, obligations, or outlays. This information will not be entered into MAX, but should be prepared consistent with the instructions for the corresponding MAX schedules.

- Program and financing schedule (see section [82](#)). If only a few items in a lengthy obligations by program activity section are affected, the activity items not changed may be grouped in a single line. However, show the rest of the program and financing schedule in full.
- Object classification schedule (see section [83](#)).
- Personnel summary (see section [86.1](#)).
- Receipts estimates (see section [81](#)), when a supplemental or amendment will affect payments to a receipt account.
- Schedules on status of direct loans or status of guaranteed loans (see section [185](#)), when a supplemental or amendment affects the level of direct loan obligations or loan guarantee commitments.

Column headings on the schedules will be modified as follows:

For *supplementals*, use transmittal code "1" in the account identification code. Retitle amount columns as illustrated in exhibit 110C and indicated below:

- *Presently available* (column 1). Enter the amount available under previous appropriations enacted for the current fiscal year.
- *Proposed supplemental* (column 2). Enter the additional amount requested.

- *Revised estimate* (column 3). Enter the revised estimate of the total amount requested for the year (column 1 plus column 2).

*For amendments*, use transmittal code "0" in the account identification code. Retitle amount columns as illustrated in exhibit 110C and indicated below:

- *Pending request* (column 1). Enter the amount of the estimate currently pending before the Congress. Amounts included in the budget as items proposed for later transmittal should not be included.
- *Proposed amendment* (column 2). Enter the proposed change to the amount of the request currently pending before Congress.
- *Revised request* (column 3). Enter the total amount to be considered by Congress (column 1 plus column 2).

(e) *Letter from agency head.*

Provide a letter from the head of the agency that includes a statement concerning the validity of obligations, as required by 31 U.S.C. 1108 (see section [51.1 \(b\)](#)).

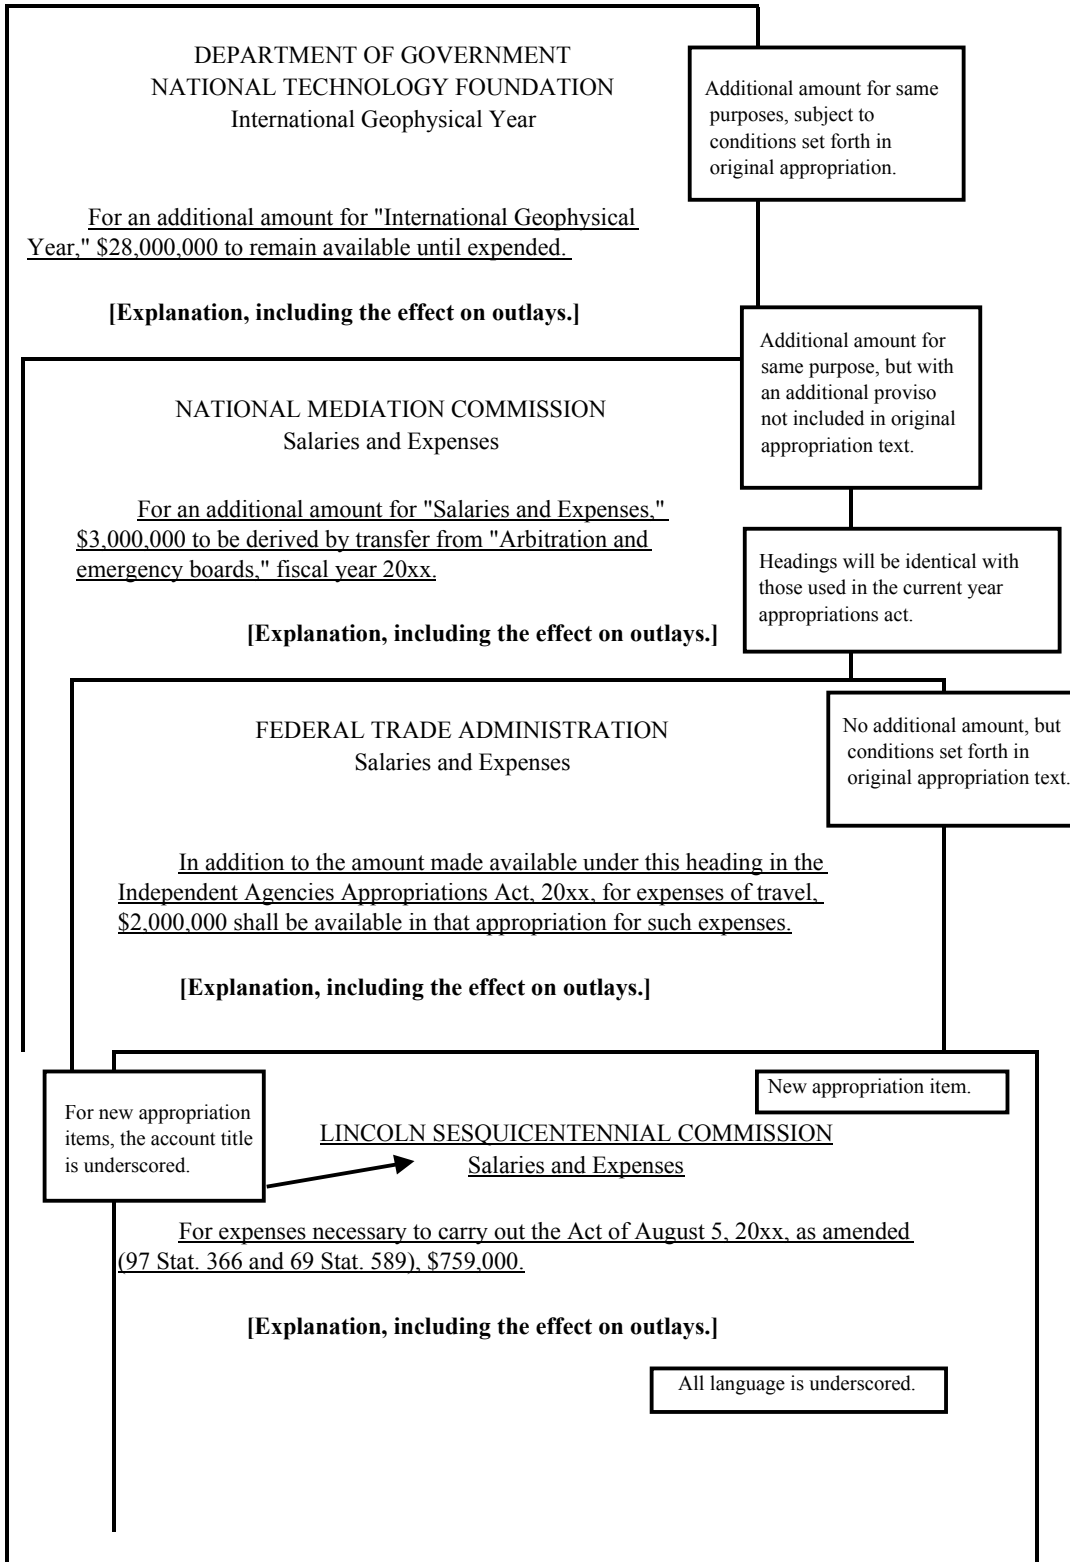

#### **110.4 What do I need to send to Congress?**

Unless otherwise directed by the respective Committees, furnish 15 copies of the following information to each Appropriations Committee and five copies to the Congressional Budget Office as part of the agency's justification to the Congress of budget amendments and supplemental requests transmitted by the President:

- Program and financing schedule;
- Object classification schedule; and
- Personnel summary.

Column headings will be modified as described in section 110.3.
