Dear Customer,

Enclosed is the latest supply catalog listing many of our stock items. As the Table of Contents illustrates, the Stores operation is composed of four units: General Stores, Traffic Stores, Construction Stores and Automotive Stores. We purchase just about everything except office supplies, so there is a good chance that we carry something you need. If nothing else, we hope the catalog will be a useful reference for your agency. Please feel free to call me with any questions at 206-296-8160.

Thank you,

Marian Honeysuckle
Stores Operations Manager
