## **NOTICE OF ACCEPTANCE OF LOW POWER FM BROADCAST APPLICATIONS AND NOTIFICATION OF PETITIONS TO DENY DEADLINE**

**Report No. LPFM-S-1**

**Released: December 21, 2000**

NOTICE is hereby given that the low power FM (LPFM) broadcast applications listed in the attached appendix are accepted for filing. The listed applications were properly filed during the first or second LPFM window and are not in conflict with any other application filed during these windows. Each of the applications also fully complies with LPFM station protection requirements. *See 47 C.F.R. § 73.807(a)(1).*

In addition, the attached appendix takes into account the requirements of recent legislation.<sup>1</sup> First, the facilities proposed in these applications fully protect full service FM and FM translator stations authorized on third-adjacent channels.<sup>2</sup> Secondly, applicants submitting the listed applications have not, according to their certifications,<sup>3</sup> engaged in the unlicensed operation of any broadcast station.

Petitions to deny the applications listed in the attached appendix and minor amendments to the applications must be on file with the Commission not later than the close of business on January 22, 2001. Amendments filed pursuant to this notice must be classified as “minor” under the provisions of 47 C.F.R. § 73.870.

Groups of mutually exclusive applications that were properly filed during the windows and comply with Commission and statutory requirements will be announced by subsequent Public Notice.
