

Qualify For Extra Help And Pay No Penalty In 2008

We have good news. You still can sign up for a Medicare prescription drug plan and pay no penalty in 2008 if you qualify for extra help. Once you qualify, you can select the Medicare prescription plan of your choice. If you do not select a plan, the Centers for Medicare & Medicaid Services will do it for you.

And most important, the extra help pays for all or most of your monthly premiums and annual deductibles and lowers your prescription co-payments. The extra help could be worth up to \$3,600 per year. You may be eligible for the extra help if you are on Medicare and have limited income and resources.

What are the income and resources limits?

- If your annual income is below \$15,600 for an individual (\$21,000 for a married couple living together), you may not have to pay monthly premiums or deductibles, and you could pay as little as \$2.25 for your co-payments.

Even if your annual income is higher, you still may be able to get some help with your monthly premiums, annual deductibles and prescription co-payments. For example, your income may be higher and you possibly could get extra help if you or your spouse:

- Support other family members who live with you;
- Have earnings from work; or
- Live in Alaska or Hawaii.

- To qualify, your resources must be limited to \$11,990 for an individual (\$23,970 for a married couple living together). Resources include such things as bank accounts, stocks and bonds. We **do not** count your house and car as resources.

What should I do next?

If you are not getting the extra help automatically, it is easy to apply. Just complete Social Security's *Application for Help with Medicare Prescription Drug Plan Costs* (SSA-1020). Here's how:

- Apply online at www.socialsecurity.gov;
- Call Social Security at **1-800-772-1213** (TTY **1-800-325-0778**) to apply over the phone or to request that an application be mailed to you; or

After you apply, Social Security will review your application and send you a letter to let you know if you qualify for the extra help. If you are eligible for the extra help, you can enroll in a plan until December 31, 2008, and you will not pay a penalty. The sooner you join a plan the sooner you begin receiving benefits.

What factors should I consider when comparing Medicare drug plan choices?

- **Cost**—Monthly premiums and your share of the cost of your prescriptions will vary depending on which plan you choose. If you are eligible for extra help with these costs because you have limited income and resources, you will get help with some or all of these costs.
- **Convenience**—Drug plans must contract with pharmacies in your area. Check with the plan to make sure the pharmacies in the plan are convenient to you.
