(b) A Determination of No Hazard to Air Navigation issued for those construction or alteration proposals not requiring an FCC construction permit may be extended by the FAA one time for a period not to exceed 18 months.

(c) A Determination of No Hazard to Air Navigation issued for a proposal requiring an FCC construction permit may be granted extensions for up to 12 months, provided that:

(1) You submit evidence that an application for a construction permit/license was filed with the FCC for the associated site within 6 months of issuance of the determination; and

(2) You submit evidence that additional time is warranted because of FCC requirements; and

Subpart E—Petitions for Discretionary Review

§ 77.37 General.

(a) If you are the sponsor, provided a substantive aeronautical comment on a proposal in an aeronautical study, or have a substantive aeronautical comment on the proposal but were not given an opportunity to state it, you may petition the FAA for a discretionary review of a determination, revision, or extension of a determination issued by the FAA.

(b) You may not file a petition for discretionary review for a Determination of No Hazard that is issued for a temporary structure, marking and lighting recommendation, or when a proposed structure or alteration does not exceed obstruction standards contained in subpart C.

(a) You must file a petition for discretionary review in writing and it must be received by the FAA within 30 days after the issuance of a determination under § 77.31, or a revision or extension of the determination under § 77.35.

(b) The petition must contain a full statement of the aeronautical basis on which the petition is made, and must include new information or facts not previously considered or presented during the aeronautical study, including valid aeronautical reasons why the

determination, revisions, or extension made by the FAA should be reviewed.

(c) In the event that the last day of the 30-day filing period falls on a weekend or a day the Federal government is closed, the last day of the filing period is the next day that is not one of the above-mentioned days.

(d) The FAA will inform the petitioner or sponsor (if other than the petitioner) and the FCC (whenever an FCC-related proposal is involved) shall be informed of the filing of the petition and that the determination is not final pending disposition of the petition.

§ 77.41 Discretionary review results.

(a) If discretionary review is granted, the FAA will inform the petitioner and the sponsor (if other than the petitioner) of the issues to be studied and reviewed.

(b) If discretionary review is denied, the FAA will notify the petitioner and the sponsor (if other than the petitioner), and the FCC, whenever a FCC-related proposal is involved, of the basis for the denial along with a statement that the determination is final.

SUPPLEMENTARY INFORMATION:

I. Background

The Guides for the Nursery Industry were adopted by the Commission in

¹ The comment must be accompanied by an explicit request for confidential treatment, including the factual and legal basis for the request, and must identify the specific portions of the comment to be withheld from the public record. The request will be granted or denied by the Commission’s General Counsel, consistent with applicable law and the public interest. See Commission Rule 4.9(c), 16 CFR 4.9(c).

1979.² These Guides address numerous sales practices for outdoor plants, including deceptive claims as to quantity, size, grade, kind, species, age, maturity, condition, vigor, hardiness, growth ability, price, and origin or place where grown.

In 1994, as part of its periodic review, the Commission amended the Nursery Guides.³ Specifically, the Commission amended Guide 6 and the definitions section to advise sellers of plants that it is an unfair or deceptive act or practice to offer for sale or to sell plants collected from the wild state without disclosing that fact, with the proviso that plants propagated from plants lawfully collected from the wild state may be designated as “nursery-propagated.” Additionally, the Commission amended Guides 1–8 to update their legal terminology. Specifically, the Commission deleted the expressions “it is an unfair trade practice” and “has the capacity and tendency or effect of deceiving purchasers,” neither of which the Commission uses in its orders, rules, or guides. The Commission substituted the language “it is an unfair or deceptive act or practice” and “misrepresents directly or by implication.”⁴

II. Regulatory Review Program

The Commission reviews all Commission rules and guides periodically. These reviews seek information about the costs and benefits of the Commission’s rules and guides and their economic impact. The information obtained assists the Commission in identifying rules and guides that warrant modification or rescission. Therefore, the Commission solicits comment on, among other things, the economic impact of and the continuing need for its Nursery Guides; possible conflict between the Guides and state, local, federal, or international laws; and the effect of any technological, economic, environmental, or other industry changes on the Guides.

III. Request for Comment

The Commission is particularly interested in receiving comments and supporting data on the following questions. These questions are designed to assist the public and should not be construed as a limitation on the issues

on which public comment may be submitted:

(1) Is there a continuing need for the Nursery Guides as currently promulgated?

(2) Has the nursery industry adopted the Nursery Guides as part of its routine business practice? If so, how, and what effect, if any, does this have on the continuing need for the Guides?

(3) What benefits have the Nursery Guides provided to purchasers of the products affected by the Guides?

(4) Have the Guides imposed costs on purchasers? If so, explain.

(5) How have the 1994 amendments to Guide 6 affected the nursery industry? How have the 1994 amendments to Guide 6 affected purchasers?

(6) What changes, if any, should be made to the Nursery Guides to increase their benefits to purchasers? How would these changes affect the costs the Guides impose on businesses? How would these changes benefit purchasers?

(7) What burdens or costs, including costs of compliance, have the Guides imposed on businesses subject to their requirements? What burdens or costs have the Guides imposed on small businesses in particular? Have the Guides provided benefits to businesses? If so, what benefits?

(8) What changes, if any, should be made to the Guides to reduce the burdens or costs imposed on businesses? How would these changes affect the benefits provided by the Guides?

(9) Do the Guides overlap or conflict with other federal, state, or local laws or regulations? Do the Guides overlap or conflict with any international laws or regulations?

(10) Have consumer perceptions or preferences changed since these Guides were issued, and, if so, do these changes warrant revising the Guides?

(11) Since the Guides were issued, what effects, if any, have changes in relevant technology, economic conditions, or environmental conditions had on the Guides?
