Introductions

- Profile will be posted to the web next week, GERALYN will notify the group when completed.
- Overview/Discussion of the fact sheets, Tony gave handout for Alcohol tax (Empirical Evidence on the Effects of Price on Alcohol)
- What is the next step for SEOW:
- Karen would like to use this as a county slate to use to develop plans, and substance abuse prevention strategy.
- The county would like to access statewide data, and have the state assess the top priority issues so the county can use this as a frame for their planning, risk assessment.
- Karen wants a strategy for the next 5 to 10 years she would like to get help with writing this document.
- Dennis Embry and Shawn Bowles meet with AMH in the first week of May to talk about DSS, Dennis may be able to come to the May meeting or meet before that.
- Web based system to track progress at county level would drive this system
- Tony talked about an information system website DSS talked about the state joining up together to create the website the state is looking to create.

Priority Overview:

- 1.) Fact Sheets
- 2.) Strategy
- 3.) Website

- Karen would like a Strategic Plan for Prevention separate from all other plans, put focus on prevention, CA also wants to remember Strategic Vision (look to the future).
- Anya will send a website link to all SEOW
