1           Be it enacted by the Senate and House of Representatives of the United States of America  
2           in Congress assembled,

## 3           **SECTION 1. SHORT TITLE; REFERENCES; PURPOSE OF LEGISLATION.**

4           (a) SHORT TITLE.—This Act may be cited as the "Medicare Funding Warning Response  
5           Act of 2008".

6           (b) REFERENCES.—In this Act:

7                   (1) Except where otherwise specifically provided, references in this Act shall be  
8                   considered to be made to the Social Security Act, or to a section or other provision  
9                   thereof.

10                   (2) The term "Secretary" shall be deemed a reference to the Secretary of Health  
11                   and Human Services.

12                   (3) The terms "Medicare" and "Medicare program" mean the program under title  
13                   XVIII of the Social Security Act (42 U.S.C. 1395 et seq.).

14                   (4) The Medicare Prescription Drug, Improvement, and Modernization Act of  
15                   2003 (P.L. 108-173) shall be referred to as the "MMA".

16                   (5) The term "excess general revenue medicare funding" has the meaning given  
17                   such term by section 801(c) of the MMA.

18                   (6) The term "Trustees Report" means the annual report submitted under  
19                   subsection (b)(2) of sections 1817 and 1841 of the Social Security Act (42 U.S.C.  
20                   1395i(b)(2) and 1395t(b)(2), respectively).

21           (c) PURPOSE.—It is the purpose of this Act to respond to the medicare funding warning

1 currently in effect under section 801(a)(2) of the MMA.

2 **TITLE I—INTRODUCING PRINCIPLES OF VALUE-BASED HEALTH CARE INTO**  
3 **THE MEDICARE PROGRAM**

4 **SEC. 101. INTRODUCING PRINCIPLES OF VALUE-BASED HEALTH CARE**  
5 **INTO THE MEDICARE PROGRAM.**

6 (a) ELECTRONIC HEALTH RECORDS.—The Secretary shall develop and implement a  
7 system for encouraging nationwide adoption and use of interoperable electronic health records  
8 and to make available personal health records for Medicare beneficiaries.

9 (b) PRICING TRANSPARENCY.—The Secretary shall make publicly available information  
10 on prices and payments under the Medicare program for treatments (including episodes of care),  
11 items, and services to assist Medicare beneficiaries in making choices among providers, plans,  
12 and treatment options.

13 (c) QUALITY TRANSPARENCY.—The Secretary shall make publicly available information  
14 on the quality of care provided to Medicare beneficiaries to assist them in making choices among  
15 providers, plans, and treatments. To ensure the continued development and evolution of quality  
16 measures, the Secretary shall develop and implement a plan for ensuring that, by the year 2013,  
17 quality measures are available and reported with respect to at least 50 percent of the care  
18 provided under the Medicare program (determined according to the amount of payment made  
19 under such program for items and services with respect to which such measures are available).  
20 The Secretary shall report to the Committees on Ways and Means and Energy and Commerce in  
21 the House of Representatives and the Committee on Finance in the Senate annually on the  
22 progress of the goal specified in the preceding sentence.

23 (d) INCENTIVES FOR VALUE.—

1 (1) INCENTIVES FOR PROVIDERS AND SUPPLIERS.—

2 (A) IN GENERAL.—The Secretary shall design and implement a system for  
3 use in the Medicare program under which a portion of the payments that would  
4 otherwise be made under such program to some or all classes of individuals and  
5 entities furnishing items or services to beneficiaries of such program would be  
6 based on the quality and efficiency of their performance.

7 (B) IMPLEMENTATION.—The Secretary shall first implement such system  
8 in settings where measures are well-accepted and already collected, including  
9 hospitals, physicians' offices, home health agencies, skilled nursing facilities, and  
10 renal dialysis facilities. The initial focus of such efforts shall be on quality, but  
11 the Secretary shall add measures of efficiency as they are identified. The system  
12 shall also include incentives for reducing unwarranted geographic variations in  
13 quality and efficiency.

14 (C) SECRETARY'S AUTHORITY.—The Secretary may implement the system  
15 described in this paragraph without regard to any provision of title XVIII of the  
16 Social Security Act that would, in the absence of subparagraphs (A) and (B),  
17 apply with respect to payment to an individual or entity furnishing items or  
18 services for which payment may be made under the Medicare program.

19 (2) BENEFICIARY INCENTIVES.—

20 (A) IN GENERAL.—The Secretary shall implement incentives for Medicare  
21 beneficiaries to use more efficient providers and preventive services known to  
22 reduce costs.

23 (B) ACCESS TO HEALTH SAVINGS ACCOUNTS.—The Secretary shall assure

1 a transition into the Medicare program for individuals who are not yet enrolled in  
2 such program who own health savings accounts, and shall provide for the  
3 availability of high deductible health plan options in the Medicare program.

4 (e) BROADLY TRANSFORMING THE PRIVATE HEALTH CARE MARKETPLACE.—The  
5 Secretary shall use and release Medicare data for quality improvement, performance  
6 measurement, public reporting, and treatment-related purposes. In implementing the preceding  
7 sentence, the Secretary shall apply risk adjustment techniques where appropriate and shall  
8 determine the circumstances under which it is appropriate to release such data.

9 (f) PROTECTING INDIVIDUALLY IDENTIFIABLE HEALTH INFORMATION.—In implementing  
10 this title, the Secretary shall ensure that individually identifiable beneficiary health information is  
11 protected (in accordance with the regulations adopted under section 264(c) of the Health  
12 Insurance Portability and Accountability Act of 1996 and such other laws and regulations as may  
13 apply).

14 (g) REGULATIONS.—The Secretary may implement a system described in this section by  
15 regulation, but only if such regulation is issued after public notice and an opportunity for public  
16 comment.

17 (h) DEFINITIONS.—As used in this section:

18 (1) The term "efficiency" means the delivery of health care in a manner that  
19 reduces the costs of providing care for Medicare beneficiaries while maintaining or  
20 improving the quality of such care.

21 (2) The term "information on quality of care" means such measures of—

22 (A) the use of clinical processes and structures known to improve care,

23 (B) health outcomes, and

1 (C) patient perceptions of their care,  
2 as the Secretary may select with preference given to those measures that have  
3 been recognized through a consensus-based process.

4 (i) SAVINGS REQUIREMENT.—

5 (1) IN GENERAL.—The Secretary may implement the provisions of subsections (a)  
6 through (e) of section 101 and section 102 for a year only to the extent that the Secretary  
7 determines (and the Chief Actuary of the Centers for Medicare & Medicaid Services  
8 certifies) that—

9 (A) the total amount of payment made under title XVIII of the Social  
10 Security Act over the five and ten year periods that begin with January 1 of such  
11 year as a result of the implementation of such subsections (a) through (e) and  
12 section 102 is less than the amount that would have been made over such periods  
13 if such implementation had not occurred; and

14 (B) the total amount of payment made under each of titles XIX and XXI of  
15 such Act over such periods as a result of such implementation is no greater than  
16 the amount that would have been made under each such title over such periods if  
17 such implementation had not occurred.

18 (2) AVAILABILITY OF APPROPRIATIONS.—The Secretary shall carry out the  
19 provisions of this section subject to the availability of appropriations and to the extent  
20 permitted consistent with paragraph (1).

21 **SEC. 102. RELEASE OF PHYSICIAN PERFORMANCE MEASUREMENTS.**

22 Section 1848(k) (42 U.S.C. 1395w-4(k)) is amended by adding at the end the following  
23 new paragraph:

1 "(9) RELEASE OF QUALITY MEASUREMENTS.—

2 "(A) IN GENERAL.—Notwithstanding section 552a of title 5, United States  
3 Code, the Secretary may—

4 "(i) release to the public physician-specific measurements of the  
5 quality or efficiency of physician performance against a standard  
6 (reflecting measurements that have been recognized through a consensus-  
7 based process) that has been endorsed by the Secretary; and

8 "(ii) release, to an entity that will generate or calculate such  
9 measurements, data that the entity may use to perform such task.

10 "(B) ENDORSEMENT OF STANDARDS.—The Secretary may make an  
11 endorsement under subparagraph (A) by publication of a notice in the Federal  
12 Register."

13 **TITLE II—REDUCING THE EXCESSIVE BURDEN THE LIABILITY SYSTEM**  
14 **PLACES ON THE HEALTH CARE DELIVERY SYSTEM**

15 **SEC. 201. SHORT TITLE.**

16 This title may be cited as the "Help Efficient, Accessible, Low-cost, Timely Healthcare  
17 (HEALTH) Act of 2008".

18 **SEC. 202. FINDINGS AND PURPOSE.**

19 (a) FINDINGS.—

20 (1) EFFECT ON HEALTH CARE ACCESS AND COSTS.—Congress finds that our  
21 current civil justice system is adversely affecting patient access to health care services,  
22 better patient care, and cost-efficient health care, in that the health care liability system is  
23 a costly and ineffective mechanism for resolving claims of health care liability and

1 compensating injured patients, and is a deterrent to the sharing of information among  
2 health care professionals which impedes efforts to improve patient safety and quality of  
3 care.

4 (2) EFFECT ON INTERSTATE COMMERCE.—Congress finds that the health care and  
5 insurance industries are industries affecting interstate commerce and the health care  
6 liability litigation systems existing throughout the United States are activities that affect  
7 interstate commerce by contributing to the high costs of health care and premiums for  
8 health care liability insurance purchased by health care system providers.

9 (3) EFFECT ON FEDERAL SPENDING.—Congress finds that the health care liability  
10 litigation systems existing throughout the United States have a significant effect on the  
11 amount, distribution, and use of Federal funds because of—

12 (A) the large number of individuals who receive health care benefits under  
13 programs operated or financed by the Federal Government;

14 (B) the large number of individuals who benefit because of the exclusion  
15 from Federal taxes of the amounts spent to provide them with health insurance  
16 benefits; and

17 (C) the large number of health care providers who provide items or  
18 services for which the Federal Government makes payments.

19 (b) PURPOSE.—It is the purpose of this title to implement reasonable, comprehensive, and  
20 effective health care liability reforms designed to—

21 (1) improve the availability of health care services in cases in which health care  
22 liability actions have been shown to be a factor in the decreased availability of services;

23 (2) reduce the incidence of "defensive medicine" and lower the cost of health care

1 liability insurance, all of which contribute to the escalation of health care costs;

2 (3) ensure that persons with meritorious health care injury claims receive fair and  
3 adequate compensation, including reasonable noneconomic damages;

4 (4) improve the fairness and cost-effectiveness of our current health care liability  
5 system to resolve disputes over, and provide compensation for, health care liability by  
6 reducing uncertainty in the amount of compensation provided to injured individuals; and

7 (5) provide an increased sharing of information in the health care system which  
8 will reduce unintended injury and improve patient care.

9 **SEC. 203. ENCOURAGING SPEEDY RESOLUTION OF CLAIMS.**

10 The time for the commencement of a health care lawsuit shall be 3 years after the date of  
11 manifestation of injury or 1 year after the claimant discovers, or through the use of reasonable  
12 diligence should have discovered, the injury, whichever occurs first. In no event shall the time  
13 for commencement of a health care lawsuit exceed 3 years after the date of manifestation of  
14 injury unless tolled for any of the following—

15 (1) upon proof of fraud;

16 (2) intentional concealment; or

17 (3) the presence of a foreign body, which has no therapeutic or diagnostic purpose  
18 or effect, in the person of the injured person.

19 Actions by a minor shall be commenced within 3 years from the date of the alleged manifestation  
20 of injury except that actions by a minor under the full age of 6 years shall be commenced within  
21 3 years of manifestation of injury or prior to the minor's 8th birthday, whichever provides a  
22 longer period. Such time limitation shall be tolled for minors for any period during which a  
23 parent or guardian and a health care provider or health care organization have committed fraud

1 or collusion in the failure to bring an action on behalf of the injured minor.

2 **SEC. 204. COMPENSATING PATIENT INJURY.**

3 (a) UNLIMITED AMOUNT OF DAMAGES FOR ACTUAL ECONOMIC LOSSES IN HEALTH CARE  
4 LAWSUITS.—In any health care lawsuit, nothing in this title shall limit a claimant's recovery of  
5 the full amount of the available economic damages, notwithstanding the limitation in subsection  
6 (b).

7 (b) ADDITIONAL NONECONOMIC DAMAGES.—In any health care lawsuit, the amount of  
8 noneconomic damages, if available, may be as much as \$250,000, regardless of the number of  
9 parties against whom the action is brought or the number of separate claims or actions brought  
10 with respect to the same injury.

11 (c) NO DISCOUNT OF AWARD FOR NONECONOMIC DAMAGES.—For purposes of applying  
12 the limitation in subsection (b), future noneconomic damages shall not be discounted to present  
13 value. The jury shall not be informed about the maximum award for noneconomic damages. An  
14 award for noneconomic damages in excess of \$250,000 shall be reduced either before the entry  
15 of judgment, or by amendment of the judgment after entry of judgment, and such reduction shall  
16 be made before accounting for any other reduction in damages required by law. If separate  
17 awards are rendered for past and future noneconomic damages and the combined awards exceed  
18 \$250,000, the future noneconomic damages shall be reduced first.

19 (d) FAIR SHARE RULE.—In any health care lawsuit, each party shall be liable for that  
20 party's several share of any damages only and not for the share of any other person. Each party  
21 shall be liable only for the amount of damages allocated to such party in direct proportion to such  
22 party's percentage of responsibility. Whenever a judgment of liability is rendered as to any  
23 party, a separate judgment shall be rendered against each such party for the amount allocated to

1 such party. For purposes of this section, the trier of fact shall determine the proportion of  
2 responsibility of each party for the claimant's harm.

3 **SEC. 205. MAXIMIZING PATIENT RECOVERY.**

4 (a) COURT SUPERVISION OF SHARE OF DAMAGES ACTUALLY PAID TO CLAIMANTS.—In any  
5 health care lawsuit, the court shall supervise the arrangements for payment of damages to protect  
6 against conflicts of interest that may have the effect of reducing the amount of damages awarded  
7 that are actually paid to claimants. In particular, in any health care lawsuit in which the attorney  
8 for a party claims a financial stake in the outcome by virtue of a contingent fee, the court shall  
9 have the power to restrict the payment of a claimant's damage recovery to such attorney, and to  
10 redirect such damages to the claimant based upon the interests of justice and principles of equity.  
11 In no event shall the total of all contingent fees for representing all claimants in a health care  
12 lawsuit exceed the following limits:

- 13 (1) 40 percent of the first \$50,000 recovered by the claimant(s).  
14 (2) 33 1/3 percent of the next \$50,000 recovered by the claimant(s).  
15 (3) 25 percent of the next \$500,000 recovered by the claimant(s).  
16 (4) 15 percent of any amount by which the recovery by the claimant(s) is in  
17 excess of \$600,000.

18 (b) APPLICABILITY.—The limitations in this section shall apply whether the recovery is  
19 by judgment, settlement, mediation, arbitration, or any other form of alternative dispute  
20 resolution. In a health care lawsuit involving a minor or incompetent person, a court retains the  
21 authority to authorize or approve a fee that is less than the maximum permitted under this  
22 section. The requirement for court supervision in the first two sentences of subsection (a) applies  
23 only in civil actions.

1 **SEC. 206. ADDITIONAL HEALTH BENEFITS.**

2           In any health care lawsuit involving injury or wrongful death, any party may introduce  
3 evidence of collateral source benefits. If a party elects to introduce such evidence, any opposing  
4 party may introduce evidence of any amount paid or contributed or reasonably likely to be paid  
5 or contributed in the future by or on behalf of the opposing party to secure the right to such  
6 collateral source benefits. No provider of collateral source benefits shall recover any amount  
7 against the claimant or receive any lien or credit against the claimant's recovery or be equitably  
8 or legally subrogated to the right of the claimant in a health care lawsuit involving injury or  
9 wrongful death. This section shall apply to any health care lawsuit that is settled as well as a  
10 health care lawsuit that is resolved by a fact finder. This section shall not apply to section  
11 1862(b) (42 U.S.C. 1395y(b)) or section 1902(a)(25) (42 U.S.C. 1396a(a)(25)) of the Social  
12 Security Act, or to section 8131 or section 8132 of title 5, United States Code. This section shall  
13 not apply to section 1862(b) (42 U.S.C. 1395y(b)) or section 1902(a)(25) (42 U.S.C.  
14 1396a(a)(25)) of the Social Security Act, or to section 8131 or section 8132 of title 5, United  
15 States Code, or to a collateral source provider that is an employee benefit plan under section 3(3)  
16 of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1002(3)).

17 **SEC. 207. PUNITIVE DAMAGES.**

18           (a) IN GENERAL.—Punitive damages may, if otherwise permitted by applicable State or  
19 Federal law, be awarded against any person in a health care lawsuit only if it is proven by clear  
20 and convincing evidence that such person acted with malicious intent to injure the claimant, or  
21 that such person deliberately failed to avoid unnecessary injury that such person knew the  
22 claimant was substantially certain to suffer. In any health care lawsuit where no judgment for  
23 compensatory damages is rendered against such person, no punitive damages may be awarded

1 with respect to the claim in such lawsuit. No demand for punitive damages shall be included in a  
2 health care lawsuit as initially filed. A court may allow a claimant to file an amended pleading  
3 for punitive damages only upon a motion by the claimant and after a finding by the court, upon  
4 review of supporting and opposing affidavits or after a hearing, after weighing the evidence, that  
5 the claimant has established by a substantial probability that the claimant will prevail on the  
6 claim for punitive damages. At the request of any party in a health care lawsuit, the trier of fact  
7 shall consider in a separate proceeding—

8 (1) whether punitive damages are to be awarded and the amount of such award;

9 and

10 (2) the amount of punitive damages following a determination of punitive  
11 liability.

12 If a separate proceeding is requested, evidence relevant only to the claim for punitive damages,  
13 as determined by applicable State law, shall be inadmissible in any proceeding to determine  
14 whether compensatory damages are to be awarded.

15 (b) DETERMINING AMOUNT OF PUNITIVE DAMAGES.—

16 (1) FACTORS CONSIDERED.—In determining the amount of punitive damages, if  
17 awarded, in a health care lawsuit, the trier of fact shall consider only the following—

18 (A) the severity of the harm caused by the conduct of such party;

19 (B) the duration of the conduct or any concealment of it by such party;

20 (C) the profitability of the conduct to such party;

21 (D) the number of products sold or medical procedures rendered for  
22 compensation, as the case may be, by such party, of the kind causing the harm  
23 complained of by the claimant;

1 (E) any criminal penalties imposed on such party, as a result of the  
2 conduct complained of by the claimant; and

3 (F) the amount of any civil fines assessed against such party as a result of  
4 the conduct complained of by the claimant.

5 (2) MAXIMUM AWARD.—The amount of punitive damages, if awarded, in a health  
6 care lawsuit may be as much as \$250,000 or as much as two times the amount of  
7 economic damages awarded, whichever is greater. The jury shall not be informed of this  
8 limitation.

9 (c) NO PUNITIVE DAMAGES FOR PRODUCTS THAT COMPLY WITH FDA STANDARDS.—

10 (1) IN GENERAL.—

11 (A) No punitive damages may be awarded against the manufacturer or  
12 distributor of a medical product, or a supplier of any component or raw material  
13 of such medical product, based on a claim that such product caused the claimant's  
14 harm where—

15 (i)(I) such medical product was subject to premarket approval,  
16 clearance, or licensure by the Food and Drug Administration with respect  
17 to the safety of the formulation or performance of the aspect of such  
18 medical product which caused the claimant's harm or the adequacy of the  
19 packaging or labeling of such medical product; and

20 (II) such medical product was so approved, cleared, or licensed; or

21 (ii) such medical product is generally recognized among qualified  
22 experts as safe and effective pursuant to conditions established by the  
23 Food and Drug Administration and applicable Food and Drug

1 Administration regulations, including without limitation those related to  
2 packaging and labeling, unless the Food and Drug Administration has  
3 determined that such medical product was not manufactured or distributed  
4 in substantial compliance with applicable Food and Drug Administration  
5 statutes and regulations.

6 (B) RULE OF CONSTRUCTION.—Subparagraph (A) may not be construed as  
7 establishing the obligation of the Food and Drug Administration to demonstrate  
8 affirmatively that a manufacturer, distributor, or supplier referred to in such  
9 subparagraph meets any of the conditions described in such subparagraph.

10 (2) LIABILITY OF HEALTH CARE PROVIDERS.—A health care provider who  
11 prescribes, or who dispenses pursuant to a prescription, a medical product approved,  
12 licensed, or cleared by the Food and Drug Administration shall not be named as a party to  
13 a product liability lawsuit involving such product and shall not be liable to a claimant in a  
14 class action lawsuit against the manufacturer, distributor, or seller of such product.  
15 Nothing in this paragraph prevents a court from consolidating cases involving health care  
16 providers and cases involving products liability claims against the manufacturer,  
17 distributor, or product seller of such medical product.

18 (3) PACKAGING.—In a health care lawsuit for harm which is alleged to relate to  
19 the adequacy of the packaging or labeling of a drug which is required to have tamper-  
20 resistant packaging under regulations of the Secretary of Health and Human Services  
21 (including labeling regulations related to such packaging), the manufacturer or product  
22 seller of the drug shall not be held liable for punitive damages unless such packaging or  
23 labeling is found by the trier of fact by clear and convincing evidence to be substantially

1 out of compliance with such regulations.

2 (4) EXCEPTION.—Paragraph (1) shall not apply in any health care lawsuit in  
3 which—

4 (A) a person, before or after premarket approval, clearance, or licensure of  
5 such medical product, knowingly misrepresented to or withheld from the Food  
6 and Drug Administration information that is required to be submitted under the  
7 Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.) or section 351 of  
8 the Public Health Service Act (42 U.S.C. 262) that is material and is causally  
9 related to the harm which the claimant allegedly suffered; or

10 (B) a person made an illegal payment to an official of the Food and Drug  
11 Administration for the purpose of either securing or maintaining approval,  
12 clearance, or licensure of such medical product.

13 **SEC. 208. AUTHORIZATION OF PAYMENT OF FUTURE DAMAGES TO**  
14 **CLAIMANTS IN HEALTH CARE LAWSUITS.**

15 (a) IN GENERAL.—In any health care lawsuit, if an award of future damages, without  
16 reduction to present value, equaling or exceeding \$50,000 is made against a party with sufficient  
17 insurance or other assets to fund a periodic payment of such a judgment, the court shall, at the  
18 request of any party, enter a judgment ordering that the future damages be paid by periodic  
19 payments. In any health care lawsuit, the court may be guided by the Uniform Periodic Payment  
20 of Judgments Act promulgated by the National Conference of Commissioners on Uniform State  
21 Laws.

22 (b) APPLICABILITY.—This section applies to all actions which have not been first set for  
23 trial or retrial before the effective date of this Act.

1 **SEC. 209. DEFINITIONS.**

2 In this title:

3 (1) ALTERNATIVE DISPUTE RESOLUTION SYSTEM; ADR.—The term "alternative  
4 dispute resolution system" or "ADR" means a system that provides for the resolution of  
5 health care lawsuits in a manner other than through a civil action brought in a State or  
6 Federal court.

7 (2) CLAIMANT.—The term "claimant" means any person who brings a health care  
8 lawsuit, including a person who asserts or claims a right to legal or equitable  
9 contribution, indemnity or subrogation, arising out of a health care liability claim or  
10 action, and any person on whose behalf such a claim is asserted or such an action is  
11 brought, whether deceased, incompetent, or a minor.

12 (3) COLLATERAL SOURCE BENEFITS.—The term "collateral source benefits" means  
13 any amount paid or reasonably likely to be paid in the future to or on behalf of the  
14 claimant, or any service, product or other benefit provided or reasonably likely to be  
15 provided in the future to or on behalf of the claimant, as a result of the injury or wrongful  
16 death, pursuant to—

17 (A) any State or Federal health, sickness, income-disability, accident, or  
18 workers' compensation law (except the Federal Employees' Compensation Act (5  
19 U.S.C. 8101 et seq.);

20 (B) any health, sickness, income-disability, or accident insurance that  
21 provides health benefits or income-disability coverage;

22 (C) any contract or agreement of any group, organization, partnership, or  
23 corporation to provide, pay for, or reimburse the cost of medical, hospital, dental,

1 or income disability benefits; and

2 (D) any other publicly or privately funded program.

3 (4) COMPENSATORY DAMAGES.—The term "compensatory damages" means  
4 objectively verifiable monetary losses incurred as a result of the provision of, use of, or  
5 payment for (or failure to provide, use, or pay for) health care services or medical  
6 products, such as past and future medical expenses, loss of past and future earnings, cost  
7 of obtaining domestic services, loss of employment, and loss of business or employment  
8 opportunities, damages for physical and emotional pain, suffering, inconvenience,  
9 physical impairment, mental anguish, disfigurement, loss of enjoyment of life, loss of  
10 society and companionship, loss of consortium (other than loss of domestic service),  
11 hedonic damages, injury to reputation, and all other nonpecuniary losses of any kind or  
12 nature. The term "compensatory damages" includes economic damages and  
13 noneconomic damages, as such terms are defined in this section.

14 (5) CONTINGENT FEE.—The term "contingent fee" includes all compensation to  
15 any person or persons which is payable only if a recovery is effected on behalf of one or  
16 more claimants.

17 (6) ECONOMIC DAMAGES.—The term "economic damages" means objectively  
18 verifiable monetary losses incurred as a result of the provision of, use of, or payment for  
19 (or failure to provide, use, or pay for) health care services or medical products, such as  
20 past and future medical expenses, loss of past and future earnings, cost of obtaining  
21 domestic services, loss of employment, and loss of business or employment  
22 opportunities.

23 (7) HEALTH CARE LAWSUIT.—The term "health care lawsuit" means any health

1 care liability claim concerning the provision of health care goods or services or any
