RULE PROPOSALS AND ADOPTIONS

AMENDMENTS TO RULE 144 AND FORMS 7-Q, 10-Q AND 10-K ADOPTED. The SEC announced today the adoption of amendments to subparagraphs (c)(1) and (g)(2), subdivision (e)(3)(G) and paragraph (h) of Rule 144 under the Securities Act and to Forms 7-Q, 10-Q and 10-K under the Securities Exchange Act of 1934, effective March 15, 1974. Subparagraph (c)(1) of the rule, which is concerned with the availability of information about an issuer, has been amended so that there shall be deemed to be available adequate public information if an issuer has been subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act for at least 90 days and has filed all reports required to be filed pursuant to those sections during the 12 months preceding the sale of securities. The Commission has adopted amendments to the facing sheets of Forms 10-Q and 10-K conforming the required statement thereon to the changes in subparagraph (c)(1). The facing sheet of Form 7-Q, which previously did not include any statement indicating compliance with the Exchange Act reporting requirements, has been amended to include the same statement as required by Forms 10-Q and 10-K.

Subdivision (e)(3)(G) provides that in determining the amount of securities that may be sold in reliance upon Rule 144, securities sold pursuant to an effective registration statement under the Securities Act or pursuant to an exemption provided by Section 4(2) of the Securities Act or by Regulation A thereunder need not be included. In place of the reference to Section 4(2), the amendment refers to a transaction exempt pursuant to Section 4 of the Act and not involving any public offering.

Subparagraph (g)(2), which deals with solicitations by brokers, has been amended to permit brokers, while selling securities pursuant to the rule, to continue their quotations in an inter-dealer quotation system subject to certain conditions. In addition, the amendment provides that a broker may make inquiries of his customers who have indicated a bona fide unsolicited interest in the securities within ten business days preceding receipt of the order to sell securities pursuant to Rule 144.

Paragraph (h) has been amended to require transmittal of all amended notices of proposed sale on Form 144 to the principal stock exchange on which the securities to be sold are listed for trading. (Rel. 33-5452)

AMENDMENT TO RULE 457 ADOPTED. The Commission today adopted an amendment to Rule 457 under the Securities Act of 1933 relative to the calculation of the filing fee for offerings of commercial paper. The amendment states, in effect, that if a registration statement includes commercial paper meeting the exemptive requirements of Section 3(a)(3) of the Securities Act, as well as commercial paper not meeting such requirements, the filing fee need be calculated only upon the commercial paper not meeting the requirements of the exemption. The rule is effective immediately upon publication in the Federal Register. (Rel. 33-5453)
