

BOLI publishes new comprehensive Digest

In April 2008, BOLI published a new comprehensive Digest covering BOLI Orders vols. 1-28. The new Digest replaces the first Digest BOLI published in 1999. It contains summaries of virtually every principle of law, both substantive and procedural, set out in the 550 Final Orders the Commissioner issued between 1972 and October 2007.

Included with the new Digest is a CD containing the entire Digest in Microsoft Word and PDF format in 11 different folders – one for the introduction, one for each primary

subject area, and one for the Table of Final Orders. Readers who are unable to find a topic in the bound Digest can now search for the topic using **Edit/Find** function in Microsoft Word or **Search** function in Adobe Acrobat.

BOLI's new comprehensive Digest is a valuable reference for employers and attorneys. It provides fact-specific examples, topically indexed in nine primary subject areas – **Administrative Process, Child Labor, Civil Rights, CEEES, Farm/Forest Labor Contractor, Farmworker Camps, Prevailing Wage, Private Employment Agencies, and Wage Collection**. Each is prefaced by a detailed table of contents showing how BOLI has interpreted and enforced laws and rules related to each topic. A few examples of the types of information that can be found include:

- *What happens to an employer that doesn't file a timely answer and request for hearing?*
- *What evidence is relevant to my case?*
- *When is a wage claimant an "employee" or "independent contractor?"*
- *What circumstances will cause the Commissioner to place a contractor on the List of Ineligibles who is barred from working on prevailing wage rate jobs?*
- *What is a "perceived" disability?*
- *How does the Commissioner interpret Oregon Family Leave Act requirements?*
- *How much money is awarded complainants in civil rights cases?*
- *How much are the civil penalties assessed against farm labor contractors who violate Oregon's farm labor contractor laws?*
- *How is federal law related to state law?*
- *What kinds of defenses have been upheld or rejected in different kinds of cases?*
- *What issues have been decided in child labor cases?*
