

Material, a producer and exporter of superalloy degassed chromium from Japan and mandatory respondent in this investigation, did not act to the best of its ability. Thus, the Department continues to find that the use of adverse facts available is warranted under section 776(a)(2) of the Act. See *Preliminary Determination*, 70 FR at 48539–48540.

Final Determination of Investigation

We determine that the following weighted average dumping margins exist for the period January 1, 2004, through December 31, 2004:

| Manufacturer or Exporter | Weighted-Average Margin (percent) |
|---------------------------|-----------------------------------|
| JFE Material Co., Ltd. .. | 129.32 |
| All Others | 129.32 |

Continuation of Suspension of Liquidation

Pursuant to section 735(c)(1)(B) of the Act and 19 CFR 351.211(b)(1), we will instruct Customs and Border Protection (CBP) to continue to suspend liquidation of all imports of subject merchandise from Japan entered, or withdrawn from warehouse, for consumption on or after August 18, 2005, the date of the publication of our preliminary determination. CBP shall continue to require a cash deposit or the posting of a bond equal to the estimated amount by which the normal value exceeds the U.S. price as shown above. These instructions suspending liquidation will remain in effect until further notice.

International Trade Commission Notification

In accordance with section 735(d) of the Act, we have notified the International Trade Commission (ITC) of our final determination. As our final determination is affirmative and in accordance with section 735(b)(2) of the Act, the ITC will determine, within 45 days, whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports, or sales (or the likelihood of sales) for importation, of the subject merchandise. If the ITC determines that material injury or threat of material injury does not exist, the proceeding will be terminated and all securities posted will be refunded or canceled. If the ITC determines that such injury does exist, the Department will issue an antidumping duty order directing CBP to assess antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or

after the effective date of the suspension of liquidation (*i.e.*, August 18, 2005).

Notification Regarding APO

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This determination is issued and published pursuant to sections 735(d) and 777(i)(1) of the Act.

Dated: October 25, 2005.

Stephen J. Claeys,

Acting Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Magnuson-Stevens Fishery Conservation and Management Act requires that the Secretary of Commerce conduct a Cost Recovery Program to cover the management and enforcement costs of the Alaska Individual Fishing Quota (IFQ) Program. This Cost Recovery Program requires IFQ permit holders to submit information about the value of landings of IFQ species and to calculate and submit fees. The Cost Recovery Program requires Registered Buyers to submit information about the value and volume of landings of IFQ species.

II. Method of Collection

Paper fee submission forms (mailed with payment) or report and payment online.

III. Data

OMB Number: 0648–0398.

Form Number: None.

Type of Review: Regular submission.

Affected Public: Not-for-profit institutions; and business or other for-profits organizations.

Estimated Number of Respondents: 2,700.

Estimated Time per Response: 2 hours to complete IFQ Permit Holder Fee Submission Form; 2 hours to complete IFQ Registered Buyer Ex-vessel Value and Volume Report; 2 hours to complete the appeal process; and 30 minutes for prepayment of fees.

Estimated Total Annual Burden Hours: 5,504.

Estimated Total Annual Cost to Public: \$2,000.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: October 26, 2005.

SUPPLEMENTARY INFORMATION:

I. Abstract

The FY 2002 Commerce, Justice, State Appropriations Act directed the Secretary of Commerce to establish a Coastal and Estuarine Land Conservation Program (CELCP) to protect important coastal and estuarine areas that have significant conservation, recreation, ecological, historical, or aesthetic values, or that are threatened by conversion, and to issue guidelines for this program delineating the criteria for grant awards. The guidelines establish procedures for eligible applicants who choose to participate in the program to use when developing state conservation plans, proposing or soliciting projects under this program, applying for funds, and carrying out projects under this program in a manner

that is consistent with the purposes of the program. Guidelines for the CELCP can be found on NOAA's Web site at: <http://www.ocrm.nos.noaa.gov/landconservation.html> or may be obtained upon request via the contact information listed above. NOAA also has, or is given, authority under the Coastal Zone Management Act, annual appropriations or other authorities, to issue funds to coastal states, localities or other recipients for planning, conservation, acquisition, protection, restoration, or construction projects. This information collection enables NOAA to implement the CELCP, under its current or future authorization, and facilitate the review of similar projects under different, but related, authorities.

II. Method of Collection

The Project Application Checklist, paper or electronic grant applications and performance reports, are required from participants. Other supporting information is submitted in accordance with guidance. The information can be submitted in paper or electronic format.

SUPPLEMENTARY INFORMATION:

I. Abstract

The National Marine Fisheries Service Alaska Region actively seeks reduction of seabird incidental take in longline (hook-and-line) fisheries off Alaska through the Seabird Avoidance Program. The primary requirements of the Seabird Avoidance Program are: (1) Seabird avoidance gear must be onboard, made available for inspection upon request by specified persons, and must be used while hook-and-line gear is being deployed; (2) Use of a line or lines designed to deter seabirds from taking baited hooks (paired streamer line, single streamer line, or buoy bag line); (3) Offal discharge methods, including removal of hooks from any offal that is discharged;
