### National Oceanic and Atmospheric Administration

[Docket No. 920944-2302; I.D. 112194C]

### Limited Access Management of Federal Fisheries In and Off Alaska

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Allocation of Community Development Quota percentages of sablefish fixed gear allocation and the halibut quota to approved Community Development Plan applicants for the years 1995-97.

**SUMMARY:** NMFS announces the approval of Community Development Plans (CDPs) for the 1995-97 halibut and sablefish Community Development Quota (CDQ) program in the Bering Sea and Aleutian Islands management areas, as recommended by the Governor for the State of Alaska (Governor). This action is necessary to notify interested persons of the decision of the Secretary of Commerce (Secretary) that these CDPs are approved.

**EFFECTIVE DATE:** March 1, 1995.

**ADDRESSES:** Copies of the findings made by the Secretary in approving the Governor's recommendations may be obtained from the Alaska Region, National Marine Fisheries Service, P.O. Box 21668, Juneau, AK 99802 (Attn: Lori Gravel).

**FOR FURTHER INFORMATION CONTACT:** Ronald J. Berg, 907-586-7228.

**SUPPLEMENTARY INFORMATION:** The halibut and sablefish Community Development Quota (CDQ) program in the Bering Sea and Aleutian Islands management areas was developed by the North Pacific Fishery Management Council (Council) as Amendment 15 to the Fishery Management Plan (FMP) for

the Groundfish Fishery of the Bering Sea and Aleutian Islands Area, Amendment 20 to the FMP for Groundfish of the Gulf of Alaska, and a regulatory amendment affecting the fishery for Pacific halibut under the International Pacific Halibut Commission (IPHC) in and off the State of Alaska and approved by the Secretary (58 FR 59375, November 9, 1993).

Seven CDQ groups, representing eligible western Alaska communities submitted eight Community Development Plan (CDP) applications requesting allocations of the available sablefish and halibut reserve pursuant to regulations at 50 CFR part 676. Amounts of the sablefish and halibut reserve are calculated using the following percentages times the appropriate annual halibut or sablefish quotas:

- For halibut,
  - (1) In IPHC regulatory area 4B, 20 percent;
  - (2) In IPHC regulatory area 4C, 50 percent;
  - (3) In IPHC regulatory area 4D, 30

- percent; and
- (4) In IPHC regulatory area 4E, 100 percent.

For sablefish, 20 percent of the fixed gear allocation of sablefish in each Bering Sea (BS) and Aleutian Islands (AI) subarea, as provided under 50 CFR 675.24(c).

As required by § 676.24(e) and by state regulations at Title 6 Alaska Administrative Code 93, the Governor held a public hearing on September 7, 1994, to receive comments on CDQ applications and CDPs. The Governor made available for public review all State of Alaska materials pertinent to the hearing at the time the hearing was announced.

The Governor consulted the Council concerning the CDP recommendations during the Council's September 27–October 5, 1994 meeting. Copies of the CDP executive summaries, summary sheets, and the Governor's recommended allocations were reviewed by the Council, which then unanimously concurred with the Governor's recommendations. The

seven CDQ groups and the Governor's recommended proportions of available halibut and sablefish to each group are summarized in the attached table below.

Upon receiving the Governor's recommendations on October 7, 1994, the Secretary commenced a review of the record to determine whether the community eligibility criteria and the evaluation criteria set forth in regulations implementing the CDQ program have been met. The Secretary has found that the Governor's recommendations for CDPs are consistent with the community eligibility conditions and evaluation criteria and other applicable law.

As required by § 676.24(e)(1), the Secretary publishes this notice of the approval of the Governor's recommendations, including the percentages of the CDQ fixed gear allocation and the halibut quota allocated to each approved CDP (see table below), and announces the availability of the Secretary's findings regarding this decision (see ADDRESSES).

**New England Fishery Management Council; Meeting**

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The New England Fishery Management Council (Council) will hold a 2-day public meeting on

December 7–8, 1994, to consider actions affecting the New England fisheries in the exclusive economic zone.

The meeting will be held at the King's Grant Inn, Route 128 and Trask Lane, Danvers, MA 01923; telephone: (508) 774-6800. The meeting will begin on December 7, at 10:00 a.m. and on December 8, at 8:30 a.m.

The Council meeting on December 7 will begin with a report from the Interspecies Committee. Subjects scheduled for discussion include a review of consolidation alternatives and the potential use of Special Management Areas in the context of several proposals before the Council, involving aquaculture or similar projects.

The Lobster Committee will report in the afternoon on the management proposals forwarded by the Council's

Effort Management Teams. In addition, it will discuss any recommendations concerning a change in the qualifications for limited access permits. There will be an update on the outcome of the recent International Commission for the Conservation of Atlantic Tunas Advisory Committee meeting. This will be followed by a recommendation from the Monkfish Committee to approve a control date for the limited access monkfish fishery.

On December 8, the Groundfish Committee will review the results of Committee discussions about the use of time and area closures to address the decline of key groundfish stocks and about the timetable for Amendment #7 to the Northeast Multispecies Fishery Management Plan (FMP). During the afternoon session, the Sea Scallop
