DEPARTMENT OF TRANSPORTATION**Federal Railroad Administration****49 CFR Part 214**

(FRA Docket No. RSOR 13, Notice No. 4)

RIN 2130-AA88**Roadway Worker Protection**

AGENCY: Federal Railroad
Administration (FRA); DOT.
ACTION: Schedule of Additional
Advisory Committee Meetings.

SUMMARY: The Federal Railroad
Administration is announcing an
additional meeting of the Advisory
Committee on Regulatory negotiation
(concerning the protection of railroad
employees who work on or adjacent to
track and face the risk of injury from
moving trains and equipment).

DATES: The Advisory Committee
(Committee) will hold an additional
meeting on the following dates:

1. Tuesday, May 16, 1995.
2. Wednesday May 17, 1995.

ADDRESSES: The meeting will be held in
the 6th floor Conference room at the
headquarters of the Association of
American Railroads (AAR). The AAR's
headquarters is located at 500 F Street
N.W., Washington, D.C. 20001.

Cynthia B. Walters, Trial Attorney,
Office of Chief Counsel, FRA 400 7th
Street, SW, Room 8201, Washington,
D.C. 20390 (Telephone: 202-366-0443).

SUPPLEMENTARY INFORMATION: On August
17, 1994 FRA published a notice of
intent to establish an Advisory
Committee (59 FR 42200). FRA also
published a notice establishing this
Committee on January 5, 1995 (60 FR
1767), as well as publishing a notice of
scheduled meetings on February 15,
1995 (60 FR 8619). Consistent with
these notices, the continued objective of
this Committee is to produce a report,
including a draft notice of proposed
rulemaking (NPRM) recommending a
course of action for FRA to follow that
will prevent roadway worker injuries
and fatalities.

The committee members, facilitators,
and FRA determined that an additional

meeting was needed to resolve pending
issues. With this in mind, FRA
continues to believe that public
participation is critical to the success of
this process. This negotiation session
will also be open to the public, in
accordance with the Federal Advisory
Committee Act (Pub. L. 92-463).

Issued this 2nd day of May, 1995.
S. Mark Lindsey,
Chief Counsel, Federal Railroad
Administration.

**Limited Access Management of
Federal Fisheries In and Off of Alaska;
Groundfish and Crab Fisheries
Moratorium**

AGENCY: National Marine Fisheries
Service (NMFS), National Oceanic and
Atmospheric Administration (NOAA),
Commerce.

ACTION: Notice of availability of
amendments to fishery management
plans; request for comments.

SUMMARY: The North Pacific Fishery
Management Council (Council) has
submitted Revised Amendment 23 to
the Fishery Management Plan for the
Groundfish Fishery of the Bering Sea
and Aleutian Islands Area, Revised
Amendment 28 to the Fishery
Management Plan for Groundfish of the
Gulf of Alaska (GOA), and Revised
Amendment 4 to the Fishery
Management Plan for the Commercial
King and Tanner Crab Fisheries in the
Bering Sea and Aleutian Islands (BSAI)
for review by NMFS. Revised FMP
Amendments 23, 28, and 4 would
establish a moratorium on the entry of
new vessels into groundfish fisheries of
the GOA and the BSAI and the king and
Tanner crab fisheries in the BSAI.
Comments are requested from the
public.

DATES: Comments on the revised
amendments to the fishery management
plans (FMP) are requested from the
public and must be submitted by June

NMFS, 705 West 8th Street, Juneau, AK

FOR FURTHER INFORMATION CONTACT: Jay
Ginter, 907-586-7228.

SUPPLEMENTARY INFORMATION:

The Magnuson Fishery Conservation
and Management Act (Magnuson Act)
requires that each Regional Fishery
Management Council submit any fishery
management plan or plan amendment if
prepared to NMFS for review and
approval, disapproval, or partial
disapproval. The Magnuson Act also
requires that NMFS, after reviewing the
plan or plan amendment, immediately
publish a notice in the Federal Register
that the plan or plan amendment is
available for public review and
comment. NMFS will consider the
public comments received during the
comment period in determining
whether to approve these revised FMP
amendments.

The three revised FMP amendments
would establish a 3-year moratorium on
the entry of new vessels into the
groundfish fisheries of the GOA and the
BSAI and the king and Tanner crab
fisheries of the BSAI. The purpose of the
moratorium is to curtail increases in
harvesting capacity and provide
industry stability while the Council
assesses long-term management
alternatives for the affected fisheries.

The vessel moratorium would be
implemented through the issuance of a
Federal moratorium permit to a vessel
that meets specific length restrictions,
and on which a legal landing of any
moratorium species was made during
the qualification period. A moratorium
permit will not be valid unless the
permit has at least one endorsement for
the use of authorized fishing gear.
Specific eligibility requirements for the
moratorium permit and the fishing gear
endorsements are contained in the
Federal regulations proposed by the
Council to implement Revised FMP
Amendments 23, 28, and 4. The
proposed regulations are scheduled to
be published within 15 days of this
document.

Authority: 16 U.S.C. 1801 et seq.

Dated: May 2, 1995.

Richard W. Sardi,

Acting Director, Office of Fisheries
Conservation and Management, National
Marine Fisheries Service.
