Jake Gibbs	115	Biomass	support and assist in development
Jake Gibbs	116	Urban outreach	link with ecosystem services
Jake Gibbs	117	Dynamic Ecosystems	continue efforts, work with others
Jake Gibbs	118	Forest practices	develop incentives in Forest Regulation work plan
Jake Gibbs	120	Fire	Smoke management
Jake Gibbs	121	Forest fragmentation and working forests	federal partnerships
Jake Gibbs	113	Board of Forestry	set priorities and timelines, evaluate needed resources
Jake Gibbs	119	Fire	quantify landowners' contributions to costs
Richard Gibson	96	Fire	Oregon Administrative Rules update
Wayne Giesy	129	State Forests	Maximize Timber Harvest
Noah Greenwald	68	State Forests	conserve biodiversity
John Griffith	1	State Forests	return on asset value
Richard Gross	67	Pesticides	Monitor, update science, be responsive
Gary Groth	99	State Forests	Restore Active Mgt & Timber Harvest
Gary Groth	101	Forest Practices	Private Forests Program Funding
Gary Groth	100	Family forestlands	Intergenerational Transfer of Family Owned Forestlands
Donald Gudehus	53	Pesticides	increase monitoring, decrease use
Marc Halley	98	Pesticides *.	Necessary Tool
Doug Heiken	29	Economic framework	Economic Diversity not Resource Extraction
Carla Hervert	76	Pesticides	increase monitoring priority
Nancy Hopps	55	Pesticides	higher monitoring priority, health issues
Charles Hurliman	9	State Forests	include people, honor agreements
Maya Hyes	93	Pesticides	increase monitoring
Nyles Jahansel	42	Fire	Slash burning smoke
Nyles Jahansel	43	Forest practices	Sustainable, precautionary approach
Nyles Jahansei	41	Pesticides	drift, monitoring, health effects
Chris Jarmer	48	Urban outreach	delete work plan
Chris Jarmer	49	Dynamic Ecosystems	raise priority
Chris Jarmer	50	State Forests	increase harvest, define benefits of structure-based management
Chris Jarmer	51	Board of Forestry	too much process
Karl Johnson	38	Pesticides	use on state lands
Jerome Kimmel	33	Pesticides	discontinue all use, aerial application

Submitter	Issue No.	Subject	Topic
Bill Kluting	27	State Forests	Increase harvest and economic benefits
Bradley Knotts	40	Pesticides	Review literature on toxicity of forestry chemicals
Matthew Krunglevich	10	Forest fragmentation and working forests	smaller landowners
Sue Kupillas	132	Pesticides	Support Research & Funding
Bill Lafferty	154	Fire	Aviation Issues
Bill Lafferty2	153	Fire	Un/Under Protected Lands
Bill Lafferty3	152	Fire	Workforce Capacity - Interagency Contract Firefighting
Bill Lafferty3	151	Fire	Workforce Capacity, Recruitment & Retention
Barbara Lee	69	State forests	improve decision-making framwork
Sara Leiman	92	Forest Fragmentation and Working Forests	raise priority
Ed Livingston	20	Forest Fragmentation and Working Forests	Forestland Purchase
Ed Livingston	22	Education	public relations, bridge with legislators
Ed Livingston	21	Fire	Prescribed Fire
Ed Livingston	17	Forest Practices	Multiple Issues
Jocelyn Luciano	54	Pesticides	protect public from effects
Ivan Maluski	150	Forest practices	Animal Damage Control Alternatives
Ivan Maluski	146	Forest fragmentation and working forests	Land Acquisition through Bond Measures
Ivan Maluski	147	State forests	Carbon Sequestration revenue from state lands
Ivan Maluski	148	State Forests	Revisit FSC Certification for State Forests
Ivan Maluski	149	Pesticides	Use best available science, improve regulation
Ivan Maluski	145	State Forests	Fund Non-Motorized Recreation Opportunities
Melinda McComb	34	Pesticides	Opposition to use, aerial spraying
Mary Moffat	70	Pesticides	stream health, public involvement, compare with thinning
James Moore	35	Pesticides	negative effects, use as last resort
Bill Narver	95	Urban Forestry	maintain funding
Dean Nebergall	47	Pesticides	higher priority to monitoring
Michael Newton	66	Pesticides	objective analysis of safety, utility
Nancy Nichols	18	Forest Practices	high landslide hazard areas
Nancy Nichols	26	Forest Practices	landslide risk
Nancy Nichols	172	Forest Practices	notification to owners of dwellings at landslide risk
Patrik Norris	128	Forest fragmentation and working forests	Ecosystem Services
Adam Novick	137	Forest fragmentation and working forests	Conservation Incentives
Adam Novick	136	Forest fragmentation and working forests	Conservation Markets
Adam Novick	134	Forest fragmentation and working forests	Ecosystem Services
Adam Novick	135	Forest fragmentation and working forests	Conservation Banking
Janine Offutt	97	Pesticides	consider alternatives, broader input
Andrew Orahoske	37	Pesticides	ban use within 300 feet of streams
Tom Partin	15	State Forests	increase timber harvests

Submitter	Issue No.	Subject	Topic
Tom Partin	16	Federal Lands	take more active role
Tally Patton	87	Forest Practices	notification system improvements
Tally Patton	89	Forest practices	noxious weed control
Tally Patton	88	Forest practices	cultivated vs. forested wetlands
Lona Pierce	24	Forest practices	biodiversity on private lands
Lona Pierce	25	State Forests	biodiversity on state lands
Bhagwati Poddar	8	Board of Forestry	viewpoints
Bhagwati Poddar	7	Forest Practices	Buffers on Small Streams
Robert Purdy	62	Forest Practices	sustainable, precautionary approach
Robert Purdy	61	Fire	slash burning
Robert Purdy	60	Pesticides	monitoring and drift
Andrea Rabe	94	Biomass	Utilization of Small Diameter Material
Peg Reagan	31	Pesticides	on state forests
Bob Rees	39	Forest practices	water temperature for salmonids
Joel Robe	28	Pesticides	Schools, water, monitoring
Pat Russell	123	Forest practices	Urban Stream Protection
Pat Russell2	125	Forest practices	Urban Harvest & Riparian Habitat
Howard Sampley	57	Pesticides	monitoring, buffer zones
Michelle Saxton	86	Pesticides	improve monitoring of aerial spraying
Adam Serchuk	11	Biomass	Engage on biomass issues
Sarah Sheffield	130	Pesticides	increase monitoring, update research
Mark Snyder	156	Urban Forestry	Lack of Funding for Tree Maintenance of Community Trees
Mark Snyder	158	Urban Forestry	secure funding
Mark Snyder2	157	Urban Forestry	Reaffirm urban outreach efforts
Gary Springer	36	Board of Forestry	number and priority of work plans, consensus process
Tom Steinberg	23	Forest Practices	High Risk Landslide Areas
Laura Stockford	81	Pesticides	increase monitoring priority
Joe Stoneburg	13	Education	Public Education of Forest Management Activities
Rex Storm	112	Fire	Improve Industrial Fire Data Collection for Forest Operations
Rex Storm	111	Federal lands	Federal Boundaries De-Value Neighboring Property
Rex Storm	110	Family Forestlands	curb loss
Rex Storm	107	Biomass	codify definition, lead policy development
Rex Storm	106	Board of Forestry	Use forestry professionals as stakeholders
Rex Storm	105	Board of Forestry	Streamline, prioritize operation
Rex Storm	104	Forest fragmentation and working forests	Strengthen Working Forest Policy
Rex Storm	103	Federal Lands	Salvage and Reforest Damaged Forests
Rex Storm	102	Fire :	Reduce Wildfire and Unhealthy Hazards (primarily federal lands)
Rex Storm	108	Forest Practices	Private Forest Program Mandates Unfunded
Rex Storm	109	Fire	Public Share of Forest Protections
Ayala Talpai	127	Pesticides	consider alternatives
Derrick Tokos	138	Urban outreach	residents unfamiliar with forest practices

Submitter	Issue No.	Subject	Topic
Derrick Tokos	140	Forest Practices	Improve Coordination in developing areas
Derrick Tokos	139	Fire	Minimize Wildfire Risk
Mark Tunno	155	Federal lands	Oppose BLM Old Growth Logging
Honey Vizer	63	Pesticides	Monitoring should be highest priority
David Webb	59	Pesticides	Increase monitoring
Jennifer Weikel	90	Forest Practices	significant wetland protections in Forest Practices Act
Rick Williams	65	State forests	intensive forest management
Rick Williams	64	Pesticides	keep monitoring as low/medium priority
Robin Winfree	122	Pesticides	Increase monitoring, change policies
Zac Zuppas	75	Forest practices	sustainable forestry
