

FREE WORKSHOP ON INVASIVE WEEDS

Did you know that English ivy can damage trees and the sap from giant hogweed causes painful burns? Have you heard about invasive weeds like knotweed and purple loosestrife that can take over creeks and shorelines? Have you had trouble identifying or managing weeds in your backyard? Come to this free workshop by Sasha Shaw, King County noxious weed expert, and learn how to identify and control invasive weeds so you can keep these damaging plants from taking over your property.

September 18, 2008 @ 7:00 PM to 8:30

City of Des Moines Maintenance Facilities
2255 S. 223rd St
