This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

January 13, 2004

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

January 13, 2004

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

January 13, 2004

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

January 13, 2004

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

January 13, 2004

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

January 13, 2004

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

January 13, 2004

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

January 13, 2004

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

January 13, 2004

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

January 13, 2004

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

January 13, 2004

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

January 13, 2004

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

January 13, 2004

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

January 13, 2004

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

January 13, 2004

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

OH	45205	4

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

SC	29661	4

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

January 13, 2004

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

January 13, 2004

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

January 13, 2004

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

January 13, 2004

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

WA	98930	*

January 13, 2004

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

January 13, 2004

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.

This is a list of geographical zip codes where service providers have reported providing high-speed service to at least one customer as of June 30, 2003. No service provider has reported providing high-speed service in those zip codes not included in this list. An asterisk (*) indicates that there are one to three holding companies reporting service to at least one customer in the zip code. Otherwise, the list contains the number of holding companies reporting high-speed service. The information is from data reported to the FCC in Form 477.
