

Oregon E-waste Fees and Exemptions

The DAS statewide policy for Sustainable Acquisition and Disposal of Electronic Equipment ([107-009-0050](#)) considers most obsolete and/or excess electronic equipment to be e-waste. Items of this category include information technology equipment, the waste from such equipment, televisions, copiers, facsimile machines, oscilloscopes, telephones, radios, electronic test equipment and other equipment that is primarily comprised of circuit boards, CRT monitors, plasma monitors, and liquid crystal displays, and other electronic components.

Garten Services or DAS Surplus	
Items	Price
CPUs with hard drives and memory removed	\$.28 per pound
CRT monitors	\$.28 per pound
Laptops with hard drives and memory removed	\$.28 per pound
*Sorted e-waste (like items together; separated from billable e-waste)	Free
Unsorted e-waste	\$.28 per pound
Certificate of Destruction	\$5.00 per device or \$25 for bulk lots

*Items in this category: CPUs, LCD monitors, servers, laptops, printers, fax machines, cell phones, scanners, copiers and miscellaneous electronics. Electronics that have been separated from billable e-waste and sorted into lots by like items (e.g. all CPU's together) will not be charged to the generating agency. Please refer to this sample [Property Disposition Request](#) (PDR) for an example of how e-waste should be sorted to minimize charges.

Ecolights NW	
Items	Price
